PIFKO: 3 Q. Good morning, Mr. Mays. 4 A. Good morning. 5 Q. How are you? 6 A. Good. 7 Q. Can you please -- let's 8 start by having you state and spell your 9 name for the record? 10 A. Stephen Mays, S-T-E-P-H-E-N, 11 M-A-Y-S. 12 Q. And we'll just start by 13 going over basics about depositions. I'm 14 sure that in preparing for the 15 deposition, your counsel went over this 16 with you. But we'll hit some of the high 17 points just to make sure that everyone in 18 the room are on the same page. Okay? 19 A. Okay. 20 Q. So first of all, you've just 21 been put under oath. That means that if 22 you lie or are intentionally dishonest or 23 deceitful, you can be subject to 24 penalties or perjury charges from the

<p>1 court.</p> <p>2 Do you understand that?</p> <p>3 A. Yes, I do.</p> <p>4 Q. Is there any reason why</p> <p>5 you're unable to give truthful and</p> <p>6 accurate testimony today?</p> <p>7 A. No.</p> <p>8 Q. Are you undergoing any</p> <p>9 treatment or taking any medication that</p> <p>10 would impair your memory?</p> <p>11 A. No.</p> <p>12 Q. Is there any reason that you</p> <p>13 can state that you think that the</p> <p>14 deposition should not go forward today?</p> <p>15 A. No.</p> <p>16 Q. I'm going to be asking you</p> <p>17 questions. And unless your counsel</p> <p>18 instructs you not to answer, I'm entitled</p> <p>19 to an answer.</p> <p>20 Do you understand that?</p> <p>21 A. I understand.</p> <p>22 Q. I want to make sure that you</p> <p>23 understand my questions, so if you don't</p> <p>24 understand something that I ask you,</p>	<p>1 A. No, I do not.</p> <p>2 Q. Okay. I'm glad I asked. We</p> <p>3 shouldn't make assumptions here. Did you</p> <p>4 go to high school?</p> <p>5 A. Yes.</p> <p>6 Q. Okay. Where did you attend</p> <p>7 high school?</p> <p>8 A. Hixson High School.</p> <p>9 H-I-X-S-O-N. Hixson High School,</p> <p>10 Tennessee.</p> <p>11 Q. Okay. So high school, did</p> <p>12 you finish high school?</p> <p>13 A. Yes.</p> <p>14 Q. Okay. And that's the</p> <p>15 highest level of education that you</p> <p>16 completed?</p> <p>17 A. Some college. I just didn't</p> <p>18 get a degree.</p> <p>19 Q. Where did you take college</p> <p>20 courses?</p> <p>21 A. Middle Tennessee State</p> <p>22 University in Murfreesboro, Tennessee,</p> <p>23 and also University of Tennessee in</p> <p>24 Chattanooga.</p>
<p>1 please let me know, and I will attempt to</p> <p>2 rephrase the question in a way that makes</p> <p>3 it so that you do understand it.</p> <p>4 Understood?</p> <p>5 A. Yes.</p> <p>6 Q. From time to time I might be</p> <p>7 asking you about historical events. I</p> <p>8 don't want you to guess. But I do -- I</p> <p>9 am entitled under the law to your best</p> <p>10 recollection.</p> <p>11 So if you have no idea about</p> <p>12 something, of course you can say you</p> <p>13 don't know. But if you have a general</p> <p>14 recollection, maybe just don't recall the</p> <p>15 specifics, I'm still entitled to an</p> <p>16 answer. Understood?</p> <p>17 A. I understand.</p> <p>18 Q. All right. Well, let's</p> <p>19 start by talking about -- a little bit</p> <p>20 about who you are and your background</p> <p>21 with the company.</p> <p>22 Let's talk about your</p> <p>23 educational experience. I assume you</p> <p>24 have a college degree?</p>	<p>1 Q. Were you enrolled as a</p> <p>2 full-time student at any point?</p> <p>3 A. At MTSU, I was.</p> <p>4 Q. Okay. And how long were you</p> <p>5 a full-time student?</p> <p>6 A. Just a -- just a semester.</p> <p>7 Q. Okay. And then you took</p> <p>8 some additional classes on a part-time</p> <p>9 basis?</p> <p>10 A. Mm-hmm.</p> <p>11 Q. How long did you do that?</p> <p>12 A. Probably about six months to</p> <p>13 a year. I can't remember exactly.</p> <p>14 Q. Okay. So you have a year of</p> <p>15 full-time and then the next year, was it</p> <p>16 immediately after you kind of switched to</p> <p>17 doing it part-time?</p> <p>18 A. I went to school part-time</p> <p>19 after I was -- started to work for the</p> <p>20 company in Chattanooga.</p> <p>21 Q. Okay. So you were full-time</p> <p>22 student, I assume, right after you</p> <p>23 graduated high school?</p> <p>24 A. Yes, that's correct.</p>

<p>1       Q. Okay. Then what happened 2 after that first year of school. Let me 3 be more specific. As far as your next 4 career or school movement. Did you 5 immediately start working for 6 AmerisourceBergen?</p> <p>7       A. Pretty much so, as I recall, 8 yeah.</p> <p>9       Q. Okay. And then there was a 10 time when you were working for 11 AmerisourceBergen and attending school as 12 well?</p> <p>13      A. Yes.</p> <p>14      Q. Was that --</p> <p>15      A. Can I correct you on -- it 16 really wasn't AmerisourceBergen at the 17 time. It was an independent drug company 18 called Duff Brothers --</p> <p>19      Q. Okay.</p> <p>20      A. -- in Chattanooga. It was a 21 predecessor company to Amerisource.</p> <p>22      Q. Okay. So during that 23 time -- that was the year immediately 24 following your first full year of</p>	<p>Page 18</p> <p>1       Q. Do you remember? 2       A. The first year of college? 3       Q. Yeah. When you were a 4 full-time student? 5       A. Just general courses. 6       Q. Okay. 7       A. Yeah. 8       Q. Did you specialize in any 9 sort of finance classes or business 10 classes or anything like that? 11      A. I don't recall, because I 12 wasn't really sure what I wanted to do. 13      Q. Okay. So then you complete 14 that year, how did you come to work at 15 Duff Brothers? 16      A. Actually went through an 17 employment agency. And that's who they 18 used. And they got me the contact to get 19 the job there at Duff Brothers. 20      Q. And what was your first job 21 there? 22      A. As an order filler in the 23 warehouse. 24      Q. What were your</p>
<p>1 school --</p> <p>2       A. Mm-hmm.</p> <p>3       Q. -- of college?</p> <p>4       A. Mm-hmm. Yes.</p> <p>5       Q. Okay. So during that next 6 year, you attended classes part-time and 7 worked part-time?</p> <p>8       A. I don't recall when I 9 attended classes. It wasn't during that 10 first year of employment. It was 11 sometime after.</p> <p>12      Q. Okay. You said that you 13 took part-time classes for six months to 14 a year. Was that consecutive or was that 15 spread out over time?</p> <p>16      A. I can't recall. I took -- I 17 think I took an accounting course and 18 something else. But it was after I was 19 employed.</p> <p>20      Q. Okay. And that first year 21 when you were full-time, what kind of 22 classes did you take?</p> <p>23            MS. McCLURE: Objection.</p> <p>24            BY MR. PIFKO:</p>	<p>Page 19</p> <p>1 responsibilities as an order filler? 2       A. Stocking the shelves and 3 filling orders for pharmaceuticals. 4       Q. So Duff Brothers was, you 5 said, a distributor, small distributor? 6       A. Mm-hmm, yes. 7       Q. What was its area of 8 regional reach? What customers, where 9 were they? 10      A. Mainly the area around 11 Chattanooga, north Georgia, Tennessee, 12 North Carolina. In kind of that regional 13 area around Chattanooga. 14      Q. And what time period is 15 this? Let me ask a more specific 16 question. When did you graduate high 17 school? 18      A. '73, June of '73. 19      Q. Okay. And then you were a 20 full-time student in the school year of 21 '73 to '74? 22      A. Mm-hmm, yes. 23      Q. You started working at Duff 24 Brothers sometime in '74?</p>

<p style="text-align: right;">Page 22</p> <p>1 A. July of '74.    2 Q. Were you part-time when you    3 started that, or was that a full-time    4 job?    5 A. Full-time.    6 Q. And then how long did you    7 serve as an order filler for?    8 A. I believe about three or    9 four years.    10 Q. What was your next job?    11 A. Lead.    12 Q. It was just called lead?    13 A. Yes, like lead order filler,    14 where you --    15 Q. Okay. How long were you in    16 that role?    17 A. Just about a year.    18 Q. And then what was your next    19 position?    20 A. After that I supervised a    21 merchandising and labeling crew for about    22 two years.    23 Q. What was your next job?    24 A. Warehouse supervisor.</p>	<p style="text-align: right;">Page 24</p> <p>1 warehouse manager, how long were you in    2 that role?    3 A. Probably a couple of more    4 years after that.    5 Q. Okay. Then you said you    6 were operations manager.    7 A. Mm-hmm.    8 Q. Then you mentioned something    9 about Georgia. So your -- Duff Brothers    10 acquired a company that was based in    11 Georgia?    12 A. Well, our parent company.    13 Q. Okay. Who was the parent    14 company?    15 A. Alco. Alco Standard.    16 Q. How do you spell that?    17 A. A-L-C-O. Alco Standard,    18 S-T-A-N-D-A-R-D.    19 Q. Okay. So what was the name    20 of that company in Georgia that was --    21 A. Valdosta Drug Company.    22 Q. Sorry. Can you say that    23 again?    24 A. I'm sorry, Valdosta Drug</p>
<p style="text-align: right;">Page 23</p> <p>1 Q. Next job after that?    2 A. Warehouse manager.    3 Q. How about after that?    4 A. Operations manager.    5 Q. After that?    6 A. I remained operations    7 manager for several years. Moved to    8 Valdosta, Georgia, in I think '94. And    9 we had acquired a distributor in    10 Valdosta, and we consolidated or closed    11 down that distributor, and then we opened    12 a new distribution center in Orlando.    13 Q. So you threw out a bunch of    14 information there. You mentioned -- so    15 you were -- okay. Let's just make sure    16 that we have time periods on this.    17 So lead order filler for    18 about one year. You were supervising a    19 merchandising and labeling crew for two    20 years. Then you were warehouse    21 supervisor for about how long?    22 A. Couple, a couple of years.    23 I'm not really sure. I don't remember.    24 Q. Then you became manager,</p>	<p style="text-align: right;">Page 25</p> <p>1 Company.    2 Q. Can you spell that?    3 A. V-A-L-D-O-S-T-A.    4 Q. Okay. Did you ever move to    5 Georgia?    6 A. Yes.    7 Q. Okay. So at the time of    8 that acquisition, you moved to Georgia?    9 A. Yes.    10 Q. And then maybe what you were    11 trying to say is, were you personally    12 involved in the consolidation of the --    13 the facilities?    14 A. Yes. Mm-hmm.    15 Q. Okay. And so you were    16 personally involved in closing down    17 whatever operations and transferring them    18 to the new operation in Orlando, correct?    19 A. That's correct, yes.    20 Q. Do you remember about the    21 time period around when that was, just    22 the year?    23 A. It was late '94, I believe.    24 Q. Okay. And then what did you</p>

<p style="text-align: right;">Page 26</p> <p>1 do after opening the Orlando distribution 2 center? 3       A. After that I went to work 4 for corporate as regulatory affairs 5 manager. And that was probably around 6 2000 I believe. Yeah. 7       Q. Was all that still for -- 8 Well, okay, so you worked for Duff 9 Brothers, but Duff Brothers was owned by 10 Alco Standard. And they acquired -- I 11 don't think I can say it right. 12      A. Valdosta. 13      Q. -- Valdosta Drug Company. 14        What -- what was the name of 15 the company at that point? 16        MS. McCLURE: Objection. 17 BY MR. PIFKO: 18      Q. Still Duff Brothers? 19        MS. McCLURE: Objection. 20        THE WITNESS: Okay. So 21 originally I went to work for Duff 22 Brothers. They were acquired by 23 Alco in '79 I believe. Okay. 24 BY MR. PIFKO:</p>	<p style="text-align: right;">Page 28</p> <p>1 public, yeah. 2       Q. Okay. So then you -- in 3 around the year 2000 you moved into the 4 corporate offices as a regulatory affairs 5 manager, correct? 6       A. No. That's not correct. 7       Q. Oh okay. 8       A. I went to work as a 9 regulatory affairs manager, but I worked 10 from home in Orlando for approximately 11 two years and traveled significantly. 12      Q. Were you the only regulatory 13 affairs manager for Amerisource at that 14 time? 15      A. No. 16      Q. So were you just the 17 regulatory affairs manager for the 18 Orlando facility? 19       A. No. I had a specific 20 assignment for oversight of several 21 distribution centers, but I can't 22 remember, you know, which -- which area 23 of the country it was. 24      Q. Did it include the Orlando</p>
<p style="text-align: right;">Page 27</p> <p>1       Q. Okay. And so then in 1994 2 you were still working for Alco, correct? 3       A. Right about that time. 4       Q. Okay. When you opened this 5 Orlando distribution center, who were you 6 employed by? 7       A. Amerisource. 8       Q. Okay. When did Amerisource 9 get involved? 10      A. While I was in Valdosta. 11 The -- it was the company did -- went 12 public as Amerisource. 13      Q. Okay. So you've really been 14 here from the ground floor? 15      A. Yeah. 16      Q. Do you know about when the 17 company started using the name 18 Amerisource? 19      A. Yeah, I think it was '94. 20      Q. Okay. And to your 21 knowledge, that's the first time the 22 company now known as AmerisourceBergen 23 was using Amerisource? 24      A. That's, yeah, when they went</p>	<p style="text-align: right;">Page 29</p> <p>1 distribution center? 2       MS. McCLURE: Objection. 3       You can answer. 4       THE WITNESS: I don't -- I 5 don't believe so. 6 BY MR. PIFKO: 7       Q. Can you name any area that 8 was under your control as a regulatory 9 affairs manager? 10      A. I can't really recall my 11 main -- my main job responsibility was 12 conducting audits of distribution 13 centers. And so it was basically just 14 assisting certain ones if they had 15 regulatory questions or anything like 16 that. 17      Q. Who did you report to when 18 you took that job as regulatory affairs 19 manager in the year 2000? 20      A. Rodney Bias, B-I-A-S is his 21 last name. 22      Q. Where was Rodney based? 23      A. He was based at the 24 corporate offices in Chesterbrook.</p>

<p style="text-align: right;">Page 30</p> <p>1 Q. Do you know when the company 2 first had its offices in Chesterbrook? 3 A. I can't remember exactly the 4 date. 5 Q. How about roughly? 6 A. I think it probably would 7 have been late '90s. 8 Q. Around when it went public 9 or after that? 10 A. I think it was around that 11 time. They were in the same area but a 12 different office complex. 13 Q. So you were kind of telling 14 me, but let me just ask you more 15 specifically. What was your job 16 responsibilities as a regulatory affairs 17 manager when you took that position in 18 the year 2000? 19 A. Conduct security and 20 regulatory audits of our distribution 21 centers and provide regulatory 22 assistance. 23 Q. So you would travel to 24 distribution centers to conduct these</p>	<p style="text-align: right;">Page 32</p> <p>1 MS. McCLURE: Objection. 2 THE WITNESS: Yes. 3 BY MR. PIFKO: 4 Q. Okay. What was the nature 5 of your training? 6 A. It was called -- I think at 7 that time it was a 12-hour security and 8 regulatory compliance training program. 9 Q. And how was that conducted? 10 Did someone come and make a presentation 11 to you or was there a video, or do you 12 remember? 13 A. It was basically in-person 14 training at a compliance conference. 15 Q. Did you fly to the 16 headquarters in Chesterbrook to receive 17 that training? 18 A. Sometimes it was there, and 19 other times it was remote. 20 Q. So there was more than one 21 training session? 22 A. Yes. Pretty much annually 23 for the most part. 24 Q. Okay. And so annually</p>
<p style="text-align: right;">Page 31</p> <p>1 audits? 2 A. Mm-hmm, yes, sir. 3 Q. Do you recall about how many 4 distribution centers the company had at 5 that time? 6 A. It seems like it was in the 7 20s, 22, something like that. 8 Q. Did you travel all around 9 the country? 10 A. Yes, sir. 11 Q. Can you remember any 12 specific locations that you recall 13 traveling to to perform these audits? 14 A. Quite a few, yeah. 15 Q. Okay. Just name some that 16 you remember. 17 A. Toledo. Columbus. 18 Portland. Mira Loma, California. Grand 19 Prairie, Texas. Lynchburg, Virginia. I 20 can't remember any others. There were 21 others. 22 Q. Did you receive any special 23 training when you became regulatory 24 affairs manager?</p>	<p style="text-align: right;">Page 33</p> <p>1 was -- you said 10 to 12 hours I think 2 you said? 3 MS. McCLURE: Objection. 4 THE WITNESS: Yes. 5 BY MR. PIFKO: 6 Q. So is that a couple days a 7 year you would do training? 8 A. I believe so, yeah. 9 Q. Do you remember the name of 10 any of the people who performed the 11 training for you? 12 A. Yes. 13 Q. Can you tell me those names? 14 A. Rodney Bias. Larry Holland. 15 Those two mainly. 16 Q. Where was Rodney based? 17 A. In the corporate office. 18 Q. In Chesterbrook? 19 A. Yes. 20 Q. How about Larry Holland? 21 A. He was prior to Rodney. I 22 think he hired Rodney and then I think 23 Larry retired, but I think Larry was 24 there to also -- he worked out of the</p>

	Page 34	Page 36
<p>1 corporate office.</p> <p>2 Q. Did you receive any</p> <p>3 documentation when you received these</p> <p>4 trainings?</p> <p>5 A. Yes.</p> <p>6 Q. Were there handouts? Yes?</p> <p>7 A. Yes.</p> <p>8 Q. Can you describe anything</p> <p>9 that you remember from the training?</p> <p>10 A. It pretty much covered all</p> <p>11 of the regulatory requirements that we</p> <p>12 have as a company. And it was focused a</p> <p>13 lot on, you know, DEA regulations and how</p> <p>14 to comply with those. And how the</p> <p>15 company complies with them.</p> <p>16 Q. But the Controlled</p> <p>17 Substances Act, have you heard of that?</p> <p>18 A. Yes. Of course.</p> <p>19 Q. That kind -- the training</p> <p>20 about regulations under the Controlled</p> <p>21 Substance Act; is that correct?</p> <p>22 A. That's correct.</p> <p>23 Q. Did you receive training on,</p> <p>24 have you heard the term diversion?</p>	<p>1 diversion?</p> <p>2 MS. McCLURE: Objection.</p> <p>3 You can answer.</p> <p>4 THE WITNESS: Again, I don't</p> <p>5 remember the exact wording of the</p> <p>6 regulation. But there is -- there</p> <p>7 is a requirement.</p> <p>8 BY MR. PIFKO:</p> <p>9 Q. Was there training as</p> <p>10 regulatory affairs manager geared around</p> <p>11 what these locations needed to do to</p> <p>12 prevent diversion?</p> <p>13 A. Yes.</p> <p>14 Q. Did you have -- so you</p> <p>15 performed audits, correct?</p> <p>16 A. That's correct.</p> <p>17 Q. Did you have like a</p> <p>18 checklist or some sort of outline you</p> <p>19 would use when you did your audits?</p> <p>20 A. Yes.</p> <p>21 Q. Did that have a name?</p> <p>22 A. It was just security and</p> <p>23 regulatory compliance audit checklist. I</p> <p>24 think something, something like that,</p>	
<p>1 A. Yes.</p> <p>2 Q. Okay. Have you heard about</p> <p>3 the idea of a -- do you know what a</p> <p>4 registrant is?</p> <p>5 A. Yes.</p> <p>6 Q. Okay. Have you heard about</p> <p>7 the idea that a registrant has a duty to</p> <p>8 prevent diversion?</p> <p>9 MS. McCLURE: Objection to</p> <p>10 form.</p> <p>11 You can answer.</p> <p>12 THE WITNESS: Yeah, I'm not</p> <p>13 sure of the exact wording, yes.</p> <p>14 But yes.</p> <p>15 BY MR. PIFKO:</p> <p>16 Q. Okay. Do you understand</p> <p>17 that at that time Amerisource was a</p> <p>18 registrant under the Controlled Substance</p> <p>19 Act?</p> <p>20 A. The Amerisource registered</p> <p>21 locations were, yes.</p> <p>22 Q. Okay. And did you</p> <p>23 understand that those registered</p> <p>24 locations had a duty to prevent</p>	<p>1 yeah.</p> <p>2 Q. Was it a long document?</p> <p>3 MS. McCLURE: Objection.</p> <p>4 Form.</p> <p>5 THE WITNESS: I don't know</p> <p>6 what do you mean by long.</p> <p>7 BY MR. PIFKO:</p> <p>8 Q. I knew you were going to say</p> <p>9 that. Was it more than 50 pages?</p> <p>10 A. Again, that depends on like</p> <p>11 is it printed front and back. Or, you</p> <p>12 know, I can tell you that it was</p> <p>13 approximately 200 questions, but it was</p> <p>14 constantly changing.</p> <p>15 Q. This is in 2000 we're</p> <p>16 talking about, correct?</p> <p>17 A. Mm-hmm, yes.</p> <p>18 Q. And so I assume it wasn't</p> <p>19 digital. It wasn't on the internet. You</p> <p>20 had a physical copy?</p> <p>21 A. Right, that's correct.</p> <p>22 Q. You take it with you to when</p> <p>23 you did the audits?</p> <p>24 A. That's correct.</p>	Page 37

<p style="text-align: right;">Page 38</p> <p>1 Q. Okay. Was it in a notebook 2 or something? 3 A. Just typically not in a 4 notebook, basically just stapled 5 together. 6 Q. Okay. So it was big enough 7 that it could be stapled -- small enough 8 that it could be stapled together, 9 correct? 10 A. Or with a binder of some 11 sort, yeah. 12 Q. I've got a bunch of papers 13 in front of me. I've got this notepad. 14 I've got a binder here, that's about two 15 inches thick. Was it more like this 16 notepad? 17 A. Mm-hmm, yes. 18 MS. McCLURE: By "this 19 notepad," do you want to describe 20 that for the record? 21 MR. PIFKO: Yeah, for the 22 record the notepad's maybe a 23 centimeter thick. It's a standard 24 legal pad. 8-and a half-by-11</p>	<p style="text-align: right;">Page 40</p> <p>1 there a way that you walked around the 2 plant? 3 MS. McCLURE: Objection to 4 form. 5 BY MR. PIFKO: 6 Q. That's what I'm asking -- -- 7 MS. McCLURE: Compound. 8 BY MR. PIFKO: 9 Q. -- when I say is there a 10 procedure that you followed. 11 A. Yes. 12 Q. Okay. Let me -- I can tell 13 your counsel told you to answer the 14 questions in a very narrow way. So let 15 me just unpack this for you. 16 MS. McCLURE: Object to the 17 commentary for the record. 18 BY MR. PIFKO: 19 Q. Do you call up somebody at 20 the facility before you are going to 21 conduct the audit to let them know that 22 you were coming? 23 A. No. 24 Q. You would just show up at</p>
<p style="text-align: right;">Page 39</p> <p>1 piece of paper. 2 BY MR. PIFKO: 3 Q. So -- but something that you 4 can easily just carry along in your 5 hands, correct? 6 A. Correct. 7 Q. Okay. And so you would take 8 that with you when you would do these 9 audits, correct? 10 A. That's correct. 11 Q. And then was there a 12 procedure that you would use when you 13 were conducting these audits? 14 A. Yes. 15 Q. Okay. Can you walk me 16 through what the procedure is? 17 A. Phew. 18 Q. Let me explain what I'm 19 looking for. 20 A. Yeah, that would help. 21 Q. Do you call the facility in 22 advance of conducting the audit, let them 23 know when they are coming, when you get 24 there, do you talk to a manager? Was</p>	<p style="text-align: right;">Page 41</p> <p>1 random? 2 A. Yes. 3 Q. Okay. When you arrived at 4 the facility, what was the first thing 5 that you did? 6 A. Conduct an opening meeting. 7 Q. And just to be clear, you 8 used the same procedure regardless of the 9 location that you were auditing, correct? 10 A. That's correct. 11 Q. And you used the same audit 12 checklist or document that we talked 13 about, correct? 14 A. That's correct. 15 Q. So you walk in the facility. 16 You ask for somebody. You said you had 17 some sort of meeting. That was the first 18 thing you do? 19 A. Mm-hmm, yes. 20 Q. Who do you ask for? 21 A. I think at that time it 22 would probably have been like the 23 distribution center manager. 24 Q. Okay. And so they had no</p>

<p>1 idea that you were coming?</p> <p>2 A. They didn't.</p> <p>3 Q. Okay. They have to drop</p> <p>4 whatever they're doing and come meet with</p> <p>5 you?</p> <p>6 A. Yes.</p> <p>7 Q. So you go meet with them in</p> <p>8 a conference room?</p> <p>9 A. Typically.</p> <p>10 Q. And you tell them, "Hi, I'm</p> <p>11 here to conduct an audit," correct?</p> <p>12 A. That's correct.</p> <p>13 Q. And then you tell them</p> <p>14 things that you are going to be doing in</p> <p>15 the audit, places that you need to go?</p> <p>16 A. Correct.</p> <p>17 Q. Okay. What was the next</p> <p>18 step after you had the initial meeting</p> <p>19 with the distribution center manager?</p> <p>20 A. We would ask them for a list</p> <p>21 of documents and records that we want to</p> <p>22 review. And then we would do a</p> <p>23 walkthrough of the facility.</p> <p>24 Q. Do you recall what the types</p>	<p>Page 42</p> <p>1 audit.</p> <p>2 Q. Then you have a document</p> <p>3 that you're using to guide you through</p> <p>4 the process, correct?</p> <p>5 A. That's correct.</p> <p>6 Q. Are you -- you're writing on</p> <p>7 that document things that you're</p> <p>8 observing, as you're doing the walk</p> <p>9 through?</p> <p>10 A. Typically not at the same</p> <p>11 time.</p> <p>12 Q. Okay.</p> <p>13 A. It's cumbersome to carry a</p> <p>14 checklist around all over the place with</p> <p>15 you. So...</p> <p>16 Q. So what happens after you do</p> <p>17 the walkthrough?</p> <p>18 A. Usually go back to wherever</p> <p>19 they've assigned us to work, a conference</p> <p>20 room typically. And wait for them to</p> <p>21 bring the records and things that we had</p> <p>22 requested.</p> <p>23 Q. And then you would review</p> <p>24 the records?</p>
<p>1 of documents were that you would review?</p> <p>2 A. I can't give you an</p> <p>3 all-inclusive list. It would be like DEA</p> <p>4 224 forms, inventory reports, a lot of</p> <p>5 corporate required records about, you</p> <p>6 know, associates. We would ask for</p> <p>7 training records. Things like that.</p> <p>8 Records and reports.</p> <p>9 Q. Have you heard the term</p> <p>10 "suspicious order" before?</p> <p>11 A. Yes.</p> <p>12 Q. Did you ask for suspicious</p> <p>13 order reports as part of these audits?</p> <p>14 A. I believe so.</p> <p>15 Q. And then you said you did a</p> <p>16 walkthrough of the facility?</p> <p>17 A. That's correct.</p> <p>18 Q. What did you do in the</p> <p>19 walkthrough?</p> <p>20 A. Just look for any type of</p> <p>21 obvious security or safety violations.</p> <p>22 Q. And then when you document</p> <p>23 your findings in the walkthrough?</p> <p>24 A. Yes. That's part of the</p>	<p>Page 43</p> <p>Page 45</p> <p>1 A. Mm-hmm, that's correct.</p> <p>2 Q. And then what would you do?</p> <p>3 A. Well, once we review the</p> <p>4 records, there's typically other parts of</p> <p>5 the audit. We would go back and test the</p> <p>6 doors to the cage and the vault. Make</p> <p>7 sure everything was constructed as it's</p> <p>8 supposed to be, and is secured and</p> <p>9 operating the way it should. We do</p> <p>10 different walkthroughs as part of the</p> <p>11 audit.</p> <p>12 Q. Okay.</p> <p>13 A. Inspect the security.</p> <p>14 Q. After that, what would you</p> <p>15 do?</p> <p>16 A. Complete the review of the</p> <p>17 records. And then at end of the audit we</p> <p>18 would conduct an exit meeting and go over</p> <p>19 our observations with the management</p> <p>20 team.</p> <p>21 Q. Then you would go home?</p> <p>22 A. Go home.</p> <p>23 Q. Okay. How long does the</p> <p>24 audit take from start to finish?</p>

<p style="text-align: right;">Page 46</p> <p>1        A. At that time probably close 2 to a full week. We would usually start 3 on Monday and finish either Thursday 4 afternoon or Friday morning.</p> <p>5        Q. You said we. Did you have a 6 team of people that went with you?</p> <p>7        A. No. Typically it was just 8 one auditor. Sometimes it would be two 9 depending.</p> <p>10      Q. Okay. So you alone or you 11 and someone else?</p> <p>12      A. Typically, yeah. Typically 13 alone.</p> <p>14      Q. Do you remember anyone else 15 that accompanied you on any audits?</p> <p>16      A. No, I don't.</p> <p>17      Q. So you said, we talked about 18 the walk through and documenting your 19 findings.</p> <p>20      Would you then document 21 things after that week was over or you'd 22 be doing it along the way while you were 23 in the offices at the facility?</p> <p>24      A. Well, each auditor -- each</p>	<p style="text-align: right;">Page 48</p> <p>1 report shared with anyone in corporate as 2 well?</p> <p>3        A. Yeah. I mean I had to go 4 over that with my boss to make sure that 5 he was okay with any of the observations 6 and had any comments about, you know, 7 whether they should be revised in any way 8 or...</p> <p>9        Q. You'd go over that with him 10 before you shared it with the 11 distribution center?</p> <p>12      A. Yeah.</p> <p>13      Q. Do you know if the report 14 was filed in any centralized location at 15 the company?</p> <p>16      A. At that time, I'm not really 17 sure. I don't recall how those were 18 maintained.</p> <p>19      Q. How frequently did you -- 20 what -- how frequently would an audit be 21 conducted at a specific distribution 22 center?</p> <p>23      A. For the most part, pretty 24 much every year. Usually annual basis.</p>
<p style="text-align: right;">Page 47</p> <p>1        auditor may have done things a little 2 differently. So it wasn't a standardized 3 process. So, but, you know, typically go 4 back to the office, collect all the notes 5 and observations, and then create a 6 report.</p> <p>7        Q. And was that report 8 completed at the end of the week?</p> <p>9        A. Typically within a two-week 10 period.</p> <p>11      Q. Okay. So within two weeks 12 after you started the audit, you'd have 13 to report complete?</p> <p>14      A. Yes. It would be called a 15 preliminary report.</p> <p>16      Q. Then what did you do with 17 the preliminary report?</p> <p>18      A. That would get issued to the 19 audited -- audited entity. And then they 20 would be given a certain amount of time 21 to provide corrective action responses 22 for any of the observations, written 23 corrective action responses.</p> <p>24      Q. And was this preliminary</p>	<p style="text-align: right;">Page 49</p> <p>1        Q. Was there some -- okay. Was 2 there some sort of regular schedule in 3 which they would be conducted?</p> <p>4        MS. McCLURE: Objection to 5 form. You can answer.</p> <p>6        THE WITNESS: Yeah, I -- I 7 don't recall exactly.</p> <p>8 BY MR. PIFKO:</p> <p>9        Q. But generally, once a year 10 for every facility?</p> <p>11      A. Yes.</p> <p>12      Q. Do you remember how many 13 other people had the same job as you at 14 that time?</p> <p>15      A. As I recall, I think there 16 were about three or four of us. I can't 17 remember exactly.</p> <p>18      Q. So at some point you 19 transitioned out of that role, correct?</p> <p>20      A. That's correct.</p> <p>21      Q. What was your role after 22 that?</p> <p>23      A. I think it was as director. 24 And that was when I moved to corporate.</p>

Page 50	Page 52
<p>1 Q. You were director. So you 2 were still in regulatory affairs, you 3 just moved from manager to director? 4 A. I believe so. 5 Q. At some point you moved away 6 from Orlando, correct? 7 A. Yes. 8 Q. Was it at the time when you 9 moved from manager to director? 10 A. I believe so, yeah. 11 Q. And when was that? 12 A. It was, I believe, October 13 2002. 14 Q. Do you know if there was a 15 written policy about the annual audit 16 requirement? 17 A. I believe so, yes. 18 Q. Do you know if there was 19 like a policy number associated with the 20 policy? 21 A. Well, let me -- let me step 22 back. I don't -- I'm not sure there was 23 a written policy that -- that stated that 24 it was an annual inspection. But there</p>	<p>1 Q. Was there a hotline or how 2 would people know how to call -- how to 3 call you? 4 A. I -- I don't remember. I 5 think they -- you know, I'm sure -- no, I 6 don't even want to speculate. I don't 7 remember. 8 Q. Did you have a mobile phone 9 at that time? 10 A. Oh gosh. I don't think so. 11 Q. You worked out of your -- 12 your house at that time? 13 A. From? 14 Q. 2000 to 2002? 15 A. 2000 to 2002, yes. 16 Q. So if you had a business 17 call, they would call your house? 18 A. I don't remember. 19 Q. Did you have a separate 20 office in your house where you would 21 work? 22 A. Yeah. 23 Q. Okay. Do you know -- did 24 you have a separate line for doing work</p>
<p>1 was a written -- written policy on 2 conducting the audits. 3 Q. Okay. 4 A. I don't think it had 5 anything -- I don't think it specified 6 the frequency. 7 Q. And do you remember if there 8 was a policy number for that policy? 9 A. I can't remember the policy 10 number. But there is a policy. 11 Q. When you were manager of 12 regulatory -- when you were regulatory 13 affairs manager, did you have any other 14 job responsibilities besides conducting 15 these audits? 16 A. Yes, I just can't remember 17 what they were at the time. It was 18 basically providing regulatory assistance 19 if there were questions or anything like 20 that from the field. 21 Q. So that -- you were one of a 22 few people that someone could call if 23 they had a compliance question? 24 A. Yes.</p>	<p>1 versus your personal line? 2 A. I can't remember if it was a 3 separate line or not. 4 Q. Okay. But do you know if 5 you had e-mail at that time? 6 A. I believe so. 7 Q. Okay. So when you fielded 8 questions about compliance issues, would 9 those be raised to you by e-mail, or by 10 phone or both? 11 A. Probably both. 12 Q. Okay. Do you recall 13 handling compliance inquiries from your 14 home office? 15 A. I don't remember. 16 Q. Do you know if there is some 17 sort of written documentation that listed 18 you as a contact person for compliance 19 questions? 20 A. There could have been, but 21 I'm not sure. 22 Q. Do you have any idea how 23 someone would know that they could call 24 you if they had a compliance question?</p>

<p style="text-align: right;">Page 54</p> <p>1 A. I assume they had my contact 2 information. I just don't remember 3 exactly what form that was in or whether 4 it was a policy or a sheet or what. 5 Q. Okay. Do you know if there 6 was a company directory? 7 A. I think so. 8 Q. Did you have business cards 9 when you were conducting these audits? 10 A. I think so. But I'm not 11 positive. 12 Q. Did you give people, when 13 you met the distribution center manager, 14 did you give them your business card? 15 A. I think so. But I don't 16 recall 100 percent of the time. 17 Q. Was your name on the audit 18 report? 19 A. Yes. 20 Q. Did you sign it? 21 A. I don't think I signed them, 22 no. But it had my name on them. 23 Q. Do you know if the audit 24 report had your contact information,</p>	<p style="text-align: right;">Page 56</p> <p>1 title was at that time? 2 A. You know what, he may have 3 been director. Maybe it was -- maybe I 4 was manager when I went up there. I 5 don't -- I don't distinctly remember the 6 titles. They changed so much. 7 Q. Okay. But you got promoted 8 in 2002. 9 A. Right. 10 Q. And you moved to the 11 headquarters in Pennsylvania? 12 A. That's correct. 13 Q. How did your -- well, what 14 were your job responsibilities when you 15 got promoted in 2002? 16 A. I supervised the -- the team 17 that did the audits for the most part. 18 Q. Did you provide training to 19 the team that did the audits at that 20 time? 21 A. Yes. 22 Q. Did anyone else provide 23 training? 24 A. I'm sure they do -- did, but</p>
<p style="text-align: right;">Page 55</p> <p>1 e-mail or phone number? 2 A. I think so. Yeah, I believe 3 it did. 4 Q. Do you recall that -- 5 telling the distribution center managers 6 as part of your process, that if they had 7 questions about compliance, they could 8 call you? 9 A. I don't specifically recall 10 telling them that, but that would make 11 sense. 12 Q. So in 2002 you are promoted 13 to regulatory affairs director, correct? 14 A. I believe so. 15 Q. Okay. And you moved to 16 Chesterbrook, Pennsylvania, correct? 17 A. That's correct. 18 Q. Who did you report to at 19 that time? 20 A. Rodney Bias. 21 Q. And did Rodney get a 22 promotion at that same time? 23 A. I don't think so, no. 24 Q. Do you know what Rodney's</p>	<p style="text-align: right;">Page 57</p> <p>1 I don't remember who. Again, we had 2 training every year. 3 Q. I guess I'm specifically 4 speaking about the audits, the audit 5 process. Do you know if you -- if you 6 were the only person who provided 7 training to regulatory affairs people who 8 were conducting audits? 9 A. I don't think it was just 10 me. Maybe one of the more experienced 11 auditors would also train them. 12 Q. Do you know any of the names 13 of the people that you're referring to as 14 more experienced auditors? 15 A. Yes. There was a lady named 16 Jan Black. She was probably the most 17 experienced auditor. 18 Q. Anyone else? 19 A. No. 20 Q. Where was Jan Black located 21 physically? 22 A. She worked out of 23 Charleston, South Carolina. 24 Q. Did you interact with her in</p>

<p>1 person?</p> <p>2 A. Yes.</p> <p>3 Q. Okay. Did you do that in</p> <p>4 Pennsylvania?</p> <p>5 A. Most -- for the most part,</p> <p>6 yes.</p> <p>7 Q. So she would come to</p> <p>8 Pennsylvania to meet with people --</p> <p>9 A. For conferences and meetings</p> <p>10 and so forth.</p> <p>11 Q. So you supervised the</p> <p>12 auditors when -- when you got promoted.</p> <p>13 Anything else you did?</p> <p>14 A. That's all I can recall.</p> <p>15 Q. Did you have -- and part of</p> <p>16 that supervision of the auditors included</p> <p>17 training them, correct?</p> <p>18 A. Training them, yes.</p> <p>19 Q. Did you have written</p> <p>20 documentation that you used when you were</p> <p>21 training the auditors?</p> <p>22 A. I don't believe so, I don't</p> <p>23 believe so. It was pretty much on -- you</p> <p>24 know, we would go out on training audits</p>	Page 58	Page 60
<p>1 and observe them going through the audit</p> <p>2 process and provide assistance to them.</p> <p>3 Q. Okay. So it wasn't like a</p> <p>4 formal class or office conference room</p> <p>5 setting --</p> <p>6 A. No.</p> <p>7 Q. -- it would just be like</p> <p>8 on-the-job training, you would go with</p> <p>9 them and walk them through the process?</p> <p>10 A. That's correct.</p> <p>11 Q. Was there -- was each</p> <p>12 auditor assigned to a specific region?</p> <p>13 A. I think so. Yes.</p> <p>14 Q. Okay. And we -- we talked</p> <p>15 earlier about you had some sort of</p> <p>16 regional assignment when you were an</p> <p>17 auditor, but you don't remember when it</p> <p>18 was?</p> <p>19 A. I don't --</p> <p>20 MS. McCLURE: Objection,</p> <p>21 misstates the testimony. You can</p> <p>22 answer.</p> <p>23 THE WITNESS: I don't</p> <p>24 remember.</p>	Page 59	<p>1 BY MR. PIFKO:</p> <p>2 Q. How many auditors -- did the</p> <p>3 auditors, when you were -- when you were</p> <p>4 promoted in 2002, did the auditors report</p> <p>5 to you?</p> <p>6 A. Yes.</p> <p>7 Q. Okay. How many were there</p> <p>8 at that time?</p> <p>9 A. I think there were three or</p> <p>10 four. I can't remember the number. It's</p> <p>11 changed over the years.</p> <p>12 Q. Did you receive any</p> <p>13 additional training from somebody else</p> <p>14 when you moved into that new role in</p> <p>15 2002?</p> <p>16 A. No. Just -- no.</p> <p>17 Q. Did you provide performance</p> <p>18 evaluations of the auditors who reported</p> <p>19 to you?</p> <p>20 A. I believe so.</p> <p>21 Q. Was there a document that</p> <p>22 you used to evaluate their performance?</p> <p>23 A. I'm sure there would be,</p> <p>24 yes.</p>

<p style="text-align: right;">Page 62</p> <p>1 Q. What -- do you remember what 2 the consequences are if you wrote someone 3 up?</p> <p>4 A. Our company had a 5 progressive discipline par -- policy, so 6 it depended on what the issue was. 7 Typically, it's a verbal to start with, 8 then a written. And then it could be a 9 second written. It just depends on what 10 it is.</p> <p>11 Q. Okay. Could someone be 12 terminated if they had in -- consistency 13 poor performance?</p> <p>14 A. They could.</p> <p>15 Q. Did anyone ever review your 16 performance on the job?</p> <p>17 A. Yes.</p> <p>18 Q. Okay. Did you ever receive 19 a poor performance review?</p> <p>20 A. I don't recall ever 21 receiving a poor performance review.</p> <p>22 Q. Do you ever -- ever remember 23 having a verbal warning from someone 24 about your performance?</p>	<p style="text-align: right;">Page 64</p> <p>1 BY MR. PIFKO:</p> <p>2 Q. Okay. I asked you when you 3 were promoted from the position that you 4 were in in 2002. Do you recall me asking 5 that? And you said around 2007.</p> <p>6 MS. McCLURE: Objection.</p> <p>7 THE WITNESS: Again, I don't 8 remember.</p> <p>9 BY MR. PIFKO:</p> <p>10 Q. Well, do you remember we 11 talked earlier about your trying to 12 provide your best recollection. What's 13 your best recollection of the time when 14 you were promoted from the position that 15 you started in in 2002?</p> <p>16 MS. McCLURE: You can 17 provide your best recollection. 18 But I'm going to counsel the 19 witness not to speculate.</p> <p>20 THE WITNESS: I can't. I 21 just don't remember, you know, 22 when that change happened.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. Okay. You said earlier</p>
<p style="text-align: right;">Page 63</p> <p>1 A. I don't recall having one.</p> <p>2 Q. How long were you -- you 3 said it was director, but then you 4 weren't sure if maybe it was manager. 5 The role that you took in 2002, how long 6 were you in that role?</p> <p>7 A. I don't remember when I was 8 promoted again. But it was probably 9 sometime around after 2007, I think.</p> <p>10 Q. What was your role then?</p> <p>11 A. I think it was -- I believe 12 it was director. And I just can't 13 remember when I was promoted to senior 14 director. There's been so many changes 15 over the years. I don't remember the 16 titles and exactly when.</p> <p>17 Q. So at some point you were 18 director. And then at some point you 19 were senior director, correct?</p> <p>20 A. Mm-hmm, that's correct.</p> <p>21 Q. Okay. But you distinctly 22 remember a promotion in 2007?</p> <p>23 MS. McCLURE: Objection.</p> <p>24 THE WITNESS: No.</p>	<p style="text-align: right;">Page 65</p> <p>1 something about 2007. What struck out 2 about that time for you?</p> <p>3 A. My responsibilities, you 4 know, increased.</p> <p>5 Q. Okay. So regardless of the 6 title. At some point around 2007, your 7 responsibilities increased, correct?</p> <p>8 A. That's correct.</p> <p>9 Q. Okay. What were your 10 increased responsibilities at that time?</p> <p>11 A. Developing the -- enhancing 12 the order monitoring program.</p> <p>13 Q. Was there something that 14 happened that caused you to remember the 15 year 2007?</p> <p>16 A. Mm-hmm.</p> <p>17 Q. What's that?</p> <p>18 A. That was when we had the 19 suspension of our registration at the 20 Orlando facility.</p> <p>21 Q. Do you know if the company 22 entered into a settlement with the DEA at 23 that time in connection with the 24 suspension?</p>

	Page 66	Page 68
1	A. Yes, they did.	1 settlement agreement, correct?
2	Q. Okay. I'm handing you	2 A. It was a different program,
3	what's been previously marked as	3 yes.
4	Zimmerman Exhibit 5. Have you seen this	4 Q. Okay. So I'm just saying if
5	before?	5 I call it the pre-2007 order monitoring
6	A. I have, yes.	6 program, can we have a common
7	Q. Is this -- this the	7 understanding that that means the program
8	settlement agreement to which we were	8 that was in place before the new one that
9	just discussing?	9 you developed from the settlement
10	A. Yes, I believe it is.	10 agreement?
11	Q. Okay. Is there a date on	11 A. I think so, yes.
12	there?	12 Q. Okay. So the pre-2007 order
13	A. The day that it was signed?	13 monitoring program, you had familiarity
14	Q. Yeah.	14 with that program, correct?
15	A. Yeah. It looks like June of	15 A. Yes.
16	2007, June 22nd.	16 Q. Okay. How did you come to
17	Q. So there was a shift in your	17 be familiar with that program?
18	responsibilities as a result of that	18 A. Just as part of my job
19	settlement, correct?	19 responsibilities, my boss helped develop
20	A. That's correct.	20 that program, Chris Zimmerman.
21	Q. And you said at that time	21 Q. Okay. When did Chris
22	you took over the responsibility of	22 Zimmerman become your boss?
23	developing and enhancing the company's	23 A. In -- well, he -- at the --
24	order monitoring program, correct?	24 you mean my direct boss?
	Page 67	Page 69
1	A. Or overseeing the	1 Q. Well --
2	development of it.	2 A. Or -- he was the head of the
3	Q. Okay. Over -- so you were	3 department at the time of the merger,
4	in charge of overseeing the development	4 became the head of the department.
5	of the order monitoring program?	5 Q. Okay. Let's go through some
6	A. Of the enhancement of it,	6 of those details.
7	yes.	7 A. Okay.
8	Q. Okay. Did the company have	8 Q. Rodney Bias was your
9	an order monitoring program prior to	9 supervisor --
10	2007?	10 A. That's correct.
11	A. Yes.	11 Q. -- for a time period?
12	Q. Are you familiar with what	12 A. Mm-hmm.
13	the company's order monitoring program	13 Q. Then you moved to the
14	was prior to 2007?	14 headquarters in 2002. And you said
15	A. Yes.	15 Rodney was still your supervisor at that
16	Q. How did you come to be	16 time?
17	familiar with the company's -- can I just	17 A. Yes. Yes.
18	call it the pre-2007 order monitoring	18 Q. Okay. At some point there
19	program for that --	19 was another corporate merger, correct?
20	A. Fine with me.	20 A. Not after 2002, I don't
21	Q. If I use that term, can	21 believe.
22	we -- can we agree that that means the	22 Q. The only ones that we've
23	program that was in place prior to the	23 discussed -- maybe it's in your head but
24	program that was developed from the	24 we haven't discussed it.

<p style="text-align: right;">Page 70</p> <p>1 A. All right.</p> <p>2 Q. So we talked about some of</p> <p>3 the earlier iterations of the company.</p> <p>4 But at some point Amerisource merged with</p> <p>5 the Bergen Corporation, correct?</p> <p>6 A. That's correct.</p> <p>7 Q. And do you know on or around</p> <p>8 when that was?</p> <p>9 A. Yeah, it was 2001.</p> <p>10 Q. And that's while you were</p> <p>11 serving as regulatory affairs manager,</p> <p>12 correct?</p> <p>13 A. That's correct.</p> <p>14 Q. Did anything about your job</p> <p>15 change after that merger, in that -- in</p> <p>16 that immediate time period?</p> <p>17 A. I don't recall, because I</p> <p>18 was already working for corporate so.</p> <p>19 Q. So you were a regulatory</p> <p>20 affairs manager from 2000 to 2002. And</p> <p>21 halfway through that period there was a</p> <p>22 merger between Amerisource and the Bergen</p> <p>23 Corporation, correct?</p> <p>24 A. That's correct.</p>	<p style="text-align: right;">Page 72</p> <p>1 A. No, I don't remember exactly</p> <p>2 when it was, but Rodney Bias left the</p> <p>3 company and I was promoted to his</p> <p>4 position.</p> <p>5 Q. Okay. And that was -- but</p> <p>6 that was before 2007?</p> <p>7 A. Yes.</p> <p>8 Q. Okay. So maybe that's in</p> <p>9 your mind when you moved from manager to</p> <p>10 director, it was sometime between 2002</p> <p>11 and 2007?</p> <p>12 A. I believe so.</p> <p>13 Q. Okay. And at that time you</p> <p>14 started reporting directly to Chris</p> <p>15 Zimmerman?</p> <p>16 A. That's correct.</p> <p>17 Q. Chris Zimmerman came to the</p> <p>18 company through the Bergen Corporation,</p> <p>19 correct?</p> <p>20 A. That's correct.</p> <p>21 Q. Okay. Prior to -- well,</p> <p>22 when was the first time that you met</p> <p>23 Chris Zimmerman?</p> <p>24 A. I think it was -- it was</p>
<p style="text-align: right;">Page 71</p> <p>1 Q. Okay. And you don't</p> <p>2 remember anything dramatic changing about</p> <p>3 your job during that time period?</p> <p>4 A. I don't remember anything</p> <p>5 dramatic, no.</p> <p>6 Q. And then in 2002, you moved</p> <p>7 to the headquarters in Pennsylvania. And</p> <p>8 at that time, it was the</p> <p>9 AmerisourceBergen Corporation that we</p> <p>10 know today, correct?</p> <p>11 A. Yes. That's correct.</p> <p>12 Q. Okay. And Rodney Bias was</p> <p>13 still your manager in 2002, correct?</p> <p>14 A. Yes.</p> <p>15 Q. At some point he wasn't your</p> <p>16 manager, correct?</p> <p>17 A. Yes.</p> <p>18 Q. Do you remember who the next</p> <p>19 person who you reported to was?</p> <p>20 A. That would have been Chris</p> <p>21 Zimmerman, yeah.</p> <p>22 Q. Okay. Do you have a</p> <p>23 recollection about when you started</p> <p>24 reporting directly to Chris Zimmerman?</p>	<p style="text-align: right;">Page 73</p> <p>1 sometime in 2001. It might have been</p> <p>2 right after the merger. I remember him</p> <p>3 coming to Orlando, because I think I was</p> <p>4 still working there then. And I remember</p> <p>5 meeting him there, at the distribution</p> <p>6 center. He came for a visit.</p> <p>7 Q. Okay. So when he assumed</p> <p>8 his new role at the merged corporation,</p> <p>9 one of the things he did was come to the</p> <p>10 Orlando facility?</p> <p>11 A. I believe so.</p> <p>12 Q. And in connection with that</p> <p>13 visit was the first time you met him?</p> <p>14 A. Mm-hmm, yes.</p> <p>15 Q. Okay. And then you started</p> <p>16 reporting to him sometime in between 2002</p> <p>17 and 2007, correct?</p> <p>18 A. I believe that's correct.</p> <p>19 Q. Okay. After you started</p> <p>20 reporting to him, did you have any</p> <p>21 involvement with the order monitoring</p> <p>22 program?</p> <p>23 A. After I started reporting?</p> <p>24 Q. Immediately after you</p>

<p style="text-align: right;">Page 74</p> <p>1 started reporting to him.      2 A. Yes.      3 Q. Okay. And what was the      4 nature of your involvement with the order      5 monitoring program at that time?      6 A. It was just because it was      7 part of regulatory compliance. It was      8 part of my job responsibilities to make      9 sure that we were reporting.      10 Q. When you say reporting, what      11 do you mean?      12 A. Reporting suspicious orders      13 to DEA.      14 Q. When was the first time that      15 you recall becoming familiar with the      16 idea of reporting suspicious orders to      17 the DEA?      18 A. Way back when I was in      19 Chattanooga as an operations manager.      20 Q. Okay. And you just      21 testified that it was part of your job to      22 ensure that the company was reporting      23 suspicious orders to DEA, correct?      24 A. That we were complying with</p>	<p style="text-align: right;">Page 76</p> <p>1 Corporation?      2 A. I don't recall what it was.      3 Q. Did you ever receive any      4 training from anyone in the time when you      5 were just at the Amerisource Corporation      6 about the order monitoring program?      7 A. I don't remember.      8 Q. Sitting here today, can you      9 describe anything about the Amerisource      10 order monitoring program?      11 A. I can't remember specifics.      12 Q. Have you ever heard the term      13 "threshold"?</p> <p>14 A. Yes.      15 Q. Do you know what that means?      16 A. What "threshold" means?      17 Basically, yes.      18 Q. What's your understanding of      19 what the term "threshold" means?      20 A. Basically it's a trigger.      21 Q. A trigger for what?      22 A. Well, as -- as it relates to      23 suspicious order reporting? Is that what      24 you're asking?</p>
<p style="text-align: right;">Page 75</p> <p>1 the requirement, yes.      2 Q. When did you first      3 understand that to be part of your job?      4 A. Probably sometime after I      5 moved to the corporate office.      6 Q. Sometime after 2002?      7 A. Yes.      8 Q. So you said that Chris      9 Zimmerman developed the pre-2007 order      10 monitoring program, correct?      11 A. Well, it was developed by      12 Bergen. He oversaw the development, but      13 I don't think he personally developed the      14 program.      15 Q. Okay. Did Amerisource have      16 an order monitoring program prior to the      17 merger with the Bergen Corporation?      18 A. Yes.      19 Q. Are you familiar with what      20 the program was?      21 A. I don't recall.      22 Q. Did you have any role in      23 carrying out any attributes of the      24 program when you were at the Amerisource</p>	<p style="text-align: right;">Page 77</p> <p>1 Q. I'm asking for your      2 understanding. So you tell me.      3 A. Well, just the word      4 "threshold" --      5 Q. Okay. Fair enough. We're      6 talking about the order monitoring      7 program.      8 A. Okay.      9 Q. So do you have an      10 understanding that threshold has a      11 meaning within the idea of an order      12 monitoring program?      13 A. Yes, it does.      14 Q. Okay. And what's your      15 understanding of what a threshold is in      16 the context of an order monitoring      17 program?      18 A. A threshold would be a      19 quantity of controlled substances,      20 depending on what drug family it is that      21 is being ordered that would trigger an      22 order to be reviewed.      23 Q. And reviewed for what?      24 A. Reviewed to determine</p>

Page 78	Page 80
<p>1 whether it would be considered suspicious 2 or not. 3 Q. I'm talking about just the 4 time before Amerisource merged with the 5 Bergen Corporation. Do you know if 6 Amerisource's ordering monitoring program 7 used thresholds? 8 A. I don't think so. 9 Q. You don't think it did? 10 A. I don't think so. 11 Q. Do you have any idea of what 12 the criteria were under the Amerisource 13 order monitoring program for reviewing an 14 order to determine whether it was 15 suspicious? 16 A. To the best of my 17 recollection it was just a percentage. 18 It was a formula that I think had been 19 provided by the trade association or 20 something back in the day, or from DEA. 21 I can't remember where the formula came 22 from. But it was looking at a percentage 23 of that customer's orders, if it exceeded 24 a certain percentage of their normal</p>	<p>1 have you heard of ARCOS? 2 A. Yes, I do. 3 Q. Okay. So under ARCOS, a 4 distributor is required to report all 5 orders to the DEA, correct? 6 A. No. That's not correct. 7 Q. Of controlled -- sorry, 8 I'm -- I'm making assumptions in my 9 question there. 10 Of controlled substances, 11 certain identified controlled substances, 12 all orders must be reported to DEA 13 through the ARCOS program, right? 14 A. All ARCOS required -- all 15 ARCOS reportable controlled substances, 16 yes. 17 Q. Okay. And so when we are 18 talking about this, again we are just 19 talking about the Amerisource -- prior to 20 the Amerisource and Bergen Corporation 21 merger -- 22 A. Mm-hmm. 23 Q. -- and we talked about 24 exceeding some sort of percentage of that</p>
Page 79	Page 81
<p>1 monthly purchase of that drug, that it 2 would be flagged. 3 Q. Okay. Then it would be 4 flagged as suspicious? 5 A. On the report. 6 MS. McCLURE: Objection. 7 THE WITNESS: I'm not sure. 8 I don't think it was flagged as 9 suspicious. 10 BY MR. PIFKO: 11 Q. Okay. It would be flagged 12 for review? 13 A. Just flagged for -- for a 14 report to be sent to DEA. 15 Q. Okay. And reported -- 16 A. This is -- we're still 17 talking about the Amerisource days, 18 right? 19 Q. Yes. Reported to DEA as 20 what? 21 A. I don't remember what -- how 22 it was reported. Possible -- possible 23 suspicious order or something like that. 24 Q. Okay. You understand --</p>	<p>1 month's order and reporting to DEA. 2 We're -- we're talking about a report 3 that has nothing to do with ARCOS, right? 4 We are talking about a separate report, 5 correct? 6 A. Yes. 7 Q. Okay. And you don't know 8 what that report is, but it's in 9 connection with some sort of suspicious 10 order, regulations or requirements? 11 A. As I recall, yes. 12 Q. Okay. Do you recall if 13 Amerisource, pre-Amerisource and Bergen 14 merger, had any other criteria for 15 evaluating whether an order was 16 suspicious? 17 A. Yes. 18 Q. What were those criteria? 19 A. We had a posting that we 20 required, that was required to be posted 21 in the cage and vault that had quantities 22 listed that -- for order fillers at the 23 time, that they could also -- you know, 24 we didn't want to rely totally on the</p>

Page 82	Page 84
<p>1 computer system to identify an order that  2 could be potentially suspicious. So  3 there were base -- I think it was base  4 quantities that an order filler could  5 review to see if it might be considered  6 suspicious. I don't remember what it was  7 called.</p> <p>8 Q. Okay. So there's base  9 quantities and then some sort of  10 percentage over that customer's months --  11 prior month's order that could lead an  12 order to be reported to the DEA as  13 suspicious, is that correct?</p> <p>14 MS. McCLURE: Objection to  15 form.</p> <p>16 THE WITNESS: I think so. I  17 don't remember how that -- I think  18 it was a monthly report, but I  19 don't remember exactly.</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. When you say a monthly  22 report, you mean the -- the reporting to  23 DEA was -- was monthly or --</p> <p>24 A. No. There was a report sent</p>	<p>1 A. That's correct.</p> <p>2 Q. If an order was included in  3 this monthly report that you're talking  4 about that was sent to the DEA, did the  5 company still ship the order?</p> <p>6 A. At that time I believe so,  7 for the most part.</p> <p>8 Q. What would be the exception?</p> <p>9 A. I think in some cases they  10 may have called a customer. It depends  11 on how late in the day it was, and ask a  12 question about it. And if it was unusual  13 for some reason, they may cancel the  14 order. But for the most part they were  15 shipped.</p> <p>16 Q. Okay. Then 2002, you moved  17 to the headquarters and you start at some  18 point between 2002 and 2007 -- you start  19 reporting to Chris Zimmerman, correct?</p> <p>20 A. That's correct.</p> <p>21 Q. So you said that  22 Mr. Zimmerman, it was your understanding  23 that Mr. Zimmerman oversaw the  24 development of the suspicious order</p>
<p>1 to DEA monthly.</p> <p>2 Q. Okay. So there's some kind  3 of suspicious order report sent to the  4 DEA every month?</p> <p>5 MS. McCLURE: Objection.  6 Form.</p> <p>7 THE WITNESS: Again, I'm not  8 sure what it was called. But it  9 was a report that was sent to the  10 DEA I believe every -- I believe  11 every month.</p> <p>12 BY MR. PIFKO:</p> <p>13 Q. Okay. And again, for  14 clarity, this is separate than the ARCOS  15 reporting, correct?</p> <p>16 A. Yes.</p> <p>17 Q. Okay. And so for an order  18 to be included in this report to the DEA,  19 in the pre, before the merger between  20 Amerisource and the Bergen Corporation,  21 it could exceed some absolute number that  22 was posted in the cage or it would exceed  23 that customer -- some percentage of that  24 customer's prior order, correct?</p>	<p>1 Page 83</p> <p>1 monitoring program at the Bergen  2 Corporation; is that correct?</p> <p>3 MS. McCLURE: Objection.  4 Form.</p> <p>5 THE WITNESS: Again, I don't  6 know how much involved he was. I  7 just saw his correspondence back  8 and forth with DEA to get it  9 approved.</p> <p>10 BY MR. PIFKO:</p> <p>11 Q. So ultimately the  12 AmerisourceBergen Corporation decided to  13 use the Bergen Corporation's ordering  14 monitoring program, correct?</p> <p>15 A. That's my understanding,  16 yes.</p> <p>17 Q. Do you have any knowledge  18 about the decisionmaking process, about  19 how the company came to decide to use the  20 Bergen Corporation's order monitoring  21 program as opposed to Amerisource's order  22 monitoring program?</p> <p>23 A. No.</p> <p>24 Q. Do you know who might have</p>

	Page 86	Page 88
<p>1 made that decision?</p> <p>2 A. No.</p> <p>3 MS. McCLURE: Mark, at some</p> <p>4 point soon, if there's an</p> <p>5 appropriate time for a break, I</p> <p>6 appreciate that.</p> <p>7 MR. PIFKO: Yeah, we can</p> <p>8 take a break right now.</p> <p>9 MS. McCLURE: Thank you.</p> <p>10 THE VIDEOGRAPHER: We are</p> <p>11 going off the record. The time is</p> <p>12 10:49.</p> <p>13 (Short break.)</p> <p>14 THE VIDEOGRAPHER: Going</p> <p>15 back on the record. Beginning of</p> <p>16 Media File Number 2. The time is</p> <p>17 11:05.</p> <p>18 BY MR. PIFKO:</p> <p>19 Q. I believe I asked you</p> <p>20 earlier, but do you recall ever</p> <p>21 conducting an audit of the Orlando</p> <p>22 facility that had its registration</p> <p>23 revoked?</p> <p>24 A. Did you say -- can you</p>	<p>1 A. Probably between -- don't</p> <p>2 know for sure. I think it was between</p> <p>3 2002 and 2007. Something like that.</p> <p>4 Somewhere in that time frame.</p> <p>5 Q. And when you weren't the</p> <p>6 actual one who audited that facility, you</p> <p>7 also managed all the -- all the auditors,</p> <p>8 correct?</p> <p>9 A. After 2002, yes.</p> <p>10 Q. Okay. So whoever it was</p> <p>11 that audited the facility was a direct</p> <p>12 report to you, correct?</p> <p>13 A. That's correct.</p> <p>14 Q. And I believe you said</p> <p>15 earlier, you -- you actually were the</p> <p>16 person who established that facility in</p> <p>17 your -- back in the old days of your</p> <p>18 original job, correct?</p> <p>19 A. As the operations manager,</p> <p>20 yes.</p> <p>21 Q. When you -- on the two</p> <p>22 occasions that you recall inspecting the</p> <p>23 Orlando facility, do you recall</p> <p>24 identifying any concerns that would lead</p>	
<p>1 repeat that?</p> <p>2 Q. So, okay. We talked about</p> <p>3 the 2007 settlement agreement. You have</p> <p>4 a copy of that in front of you, correct?</p> <p>5 A. Yes.</p> <p>6 Q. And that concerned --</p> <p>7 A. Yes.</p> <p>8 Q. -- an Orlando facility</p> <p>9 distribution center, correct?</p> <p>10 A. That's correct.</p> <p>11 Q. And you, you performed</p> <p>12 audits of the company's distribution</p> <p>13 centers, correct?</p> <p>14 A. That's correct.</p> <p>15 Q. And did you ever audit the</p> <p>16 Orlando facility?</p> <p>17 A. Yes. Yeah.</p> <p>18 Q. How many occasions do you</p> <p>19 recall auditing the Orlando facility?</p> <p>20 A. I think two. But I'm not --</p> <p>21 I'm not 100 percent positive. But I</p> <p>22 think two times.</p> <p>23 Q. Do you remember when that</p> <p>24 was?</p>	<p>1 you to believe that the registration for</p> <p>2 that facility would be in jeopardy?</p> <p>3 MS. McCLURE: Objection to</p> <p>4 form. You can answer.</p> <p>5 THE WITNESS: No.</p> <p>6 BY MR. PIFKO:</p> <p>7 Q. At any point when you were</p> <p>8 supervising the people that conducted the</p> <p>9 audits of that facility, did anyone bring</p> <p>10 concerns to you about the Orlando</p> <p>11 facility that would have led you to</p> <p>12 believe that its registration was in</p> <p>13 jeopardy?</p> <p>14 A. No.</p> <p>15 Q. You talked about when you</p> <p>16 were -- we talked about the audit</p> <p>17 process. And you said that when you</p> <p>18 conducted an audit, one of the parts of</p> <p>19 the process was that you had to share it</p> <p>20 with your boss before you shared it with</p> <p>21 the facility, just to go over it with</p> <p>22 them, correct?</p> <p>23 A. That's correct.</p> <p>24 Q. Was that the same policy</p>	Page 89

<p style="text-align: right;">Page 90</p> <p>1 when you were supervising auditors, they    2 had to also share their reports with you    3 before they sent it to the manager of    4 that facility, is that correct?    5 A. That's correct.    6 Q. Okay. And so the audits of    7 the Orlando facility where you were not    8 the one conducting it, those would have    9 been shared with you, correct?    10 A. That's correct.    11 Q. Okay. And do you ever    12 recall seeing anything in the audit    13 reports that would have led you to    14 believe that the registration would be in    15 jeopardy for that facility?    16 A. No.    17 Q. Upon learning that the    18 registration for that facility was    19 suspended, did you revamp the audit    20 process so that you could identify those    21 issues ahead of time?    22 MS. McCLURE: Objection.    23 Miss -- foundation.    24 THE WITNESS: Repeat the</p>	<p style="text-align: right;">Page 92</p> <p>1 about what the basis was for suspending    2 the registration of the Orlando facility?    3 A. My understanding, it was for    4 excessive sales to internet pharmacies.    5 Q. And that wasn't something    6 that you were examining in connection    7 with the audit process?    8 A. We --    9 MS. McCLURE: Objection to    10 form. You may answer.    11 THE WITNESS: We -- we --    12 part of the audit process is to    13 ensure that the -- the DC is    14 reporting suspicious orders as    15 required by the regulation.    16 BY MR. PIFKO:    17 Q. And did -- did the audits of    18 the Orlando facility prior to the 2007    19 suspension, did they review the    20 suspicious orders coming from that    21 facilities -- coming from that facility?    22 A. As I recall, I believe the    23 suspicious orders were reported    24 centrally, from a central location. I</p>
<p style="text-align: right;">Page 91</p> <p>1 question again just so I'm sure I    2 understand what you're asking.    3 BY MR. PIFKO:    4 Q. Okay. Well, we'll --    5 let's -- the audit process failed to    6 identify the issues that led to the    7 registration suspension, correct?    8 MS. McCLURE: Objection.    9 Assumes facts not in evidence.    10 THE WITNESS: Disagree.    11 MS. McCLURE: Foundation.    12 THE WITNESS: I disagree.    13 BY MR. PIFKO:    14 Q. Okay. So the audits did    15 identify the issues that led to the    16 registration suspension?    17 MS. McCLURE: Objection.    18 Form.    19 THE WITNESS: We audit for    20 compliance with the regulations,    21 and we were -- the DC was    22 complying with the regulations.    23 BY MR. PIFKO:    24 Q. What is your understanding</p>	<p style="text-align: right;">Page 93</p> <p>1 don't think the DC actually sent those    2 in. I think they may have been sent from    3 headquarters. But I'm not positive. But    4 it's a report.    5 Q. Okay. But the audit would    6 identify orders from that facility that    7 would have been included in the report?    8 MS. McCLURE: Objection.    9 Assumes facts not in evidence.    10 Foundation.    11 THE WITNESS: The audit just    12 ensures that they're reporting.    13 BY MR. PIFKO:    14 Q. Okay.    15 A. The company is reporting    16 from the DC.    17 Q. Okay. Just so just I    18 understand the process. The process is    19 for the DC to report them to the company.    20 And then the company sends the report to    21 the DEA?    22 A. No. That's incorrect.    23 Q. Well, you tell me. What's    24 the process?</p>

Page 94	Page 96
<p>1        A. The way I understand the  2 process at that -- at that time, was the,  3 I believe the central processing center  4 was in, based in California. And they  5 would generate the reports from there.  6        I just can't remember if  7 they were sent to the DC, to the DC to  8 send it to local office or whether they  9 were sent directly to the local DEA  10 office.</p> <p>11      Q. Okay. So when you're  12 conducting the audit and you are trying  13 to ensure compliance with the suspicious  14 order requirements, what are you looking  15 at at the distribution center?</p> <p>16      A. I can't recall what we were  17 looking at. I think we may have checked  18 that separately at corporate to make sure  19 that the reports were being sent.</p> <p>20      Q. Okay. And do you recall at  21 any point while you were in your role as  22 a compliance auditor, either a manager or  23 as an actual auditor, checking the  24 suspicious order reports from the Orlando</p>	<p>1 led to that suspension?  2        A. No.  3        Q. So you believe the audit  4 process was fine even though the facility  5 had its registration suspended?  6        A. Yes.  7        Q. Was there any disciplinary  8 action taken against anyone in the  9 compliance division or department as a  10 result of the suspension of the Orlando  11 facility's registration?  12      MS. McCLURE: Objection to  13 form.  14      THE WITNESS: No, not that I  15 recall.  16 BY MR. PIFKO:  17      Q. Did you undertake to make  18 any modifications to the audit process as  19 a result of the suspension of the Orlando  20 facility's registration?  21      A. No.  22      Q. Did you know at that time  23 whether any of the other distribution  24 centers were potentially going to have</p>
<p>1 facility?  2        A. I don't recall.  3        Q. Do you know if anyone else  4 checked the suspicious order reports for  5 that facility?  6        MS. McCLURE: Objection.  7        THE WITNESS: I don't  8 recall.  9 BY MR. PIFKO:  10      Q. Can you recall anything  11 about what would have been done to ensure  12 that the facility was reporting and  13 identifying suspicious orders?  14      A. I can't remember how we  15 checked that.  16      Q. So it's your understanding  17 that suspicious orders were part of the  18 basis for the suspension of the  19 registration in 2007?  20      A. That's my understanding.  21      Q. At the Orlando facility?  22      A. That's my understanding.  23      Q. And so do you believe that  24 the audit process missed something that</p>	<p>1 their registration suspended for reasons  2 that were similar to the Orlando  3 facility?  4        MS. McCLURE: Objection.  5        THE WITNESS: At the time --  6 I'm sorry.  7        MS. McCLURE: That's okay.  8 Objection to form.  9        THE WITNESS: At the time of  10 the Orlando suspension?  11 BY MR. PIFKO:  12      Q. Yes.  13      A. No.  14      Q. You didn't know either way?  15      A. I didn't know whether any  16 other DC had any concerns.  17      Q. But you weren't aware of any  18 concerns at the Orlando facility at that  19 time either, correct?  20      A. No.  21      MS. McCLURE: Objection.  22      You may answer.  23      THE WITNESS: Could you  24 repeat the question?</p>

Page 98	Page 100
<p>1 BY MR. PIFKO:</p> <p>2 Q. At that time, you weren't 3 aware of any concerns at the Orlando 4 facility either, correct?</p> <p>5 MS. McCLURE: Objection.</p> <p>6 THE WITNESS: That's 7 correct.</p> <p>8 BY MR. PIFKO:</p> <p>9 Q. Did you change anything 10 about the operations at the Orlando 11 facility after its registration was 12 suspended?</p> <p>13 A. Not immediately after, no.</p> <p>14 Q. Ultimately, you testified 15 earlier you did supervise the development 16 of an enhanced order monitoring program, 17 correct?</p> <p>18 A. That's correct.</p> <p>19 Q. But that was company-wide 20 correct?</p> <p>21 A. That's correct.</p> <p>22 Q. Okay. So --</p> <p>23 A. Let me correct that. That's 24 for the AmerisourceBergen Drug Company.</p>	<p>1 registration with anyone?</p> <p>2 A. Yes.</p> <p>3 Q. With who?</p> <p>4 A. Internally.</p> <p>5 Q. Who internally?</p> <p>6 A. In our department --</p> <p>7 Q. Chris Zimmerman?</p> <p>8 A. -- with our company, with 9 Chris.</p> <p>10 Q. Anyone else?</p> <p>11 A. I can't remember. Pretty 12 much everyone in our department, we 13 discussed what we needed to do.</p> <p>14 Q. How many people were in your 15 department at that time?</p> <p>16 A. Maybe a dozen. I'm not 17 sure. I don't remember.</p> <p>18 Q. And when you say your 19 department, you mean the CSRA department?</p> <p>20 A. That's correct.</p> <p>21 Q. So let's talk about the 22 order monitoring program that existed 23 after the AmerisourceBergen Corporation 24 merger, Amerisource and Bergen</p>
<p>1 Q. Okay. As opposed to --</p> <p>2 A. Well, they have other 3 subsidiaries. Yeah.</p> <p>4 Q. Okay. Is it your opinion 5 that there was nothing wrong with the 6 audit process at the Orlando facility?</p> <p>7 A. The audit process? No.</p> <p>8 Q. Is it your opinion that 9 there was nothing wrong with the 10 suspicious order identification and 11 reporting process at the Orlando 12 facility?</p> <p>13 A. Can you repeat that? I'm 14 sorry.</p> <p>15 Q. Yeah. Is it your opinion 16 that there was nothing wrong with the 17 process of identifying and reporting 18 suspicious orders at the Orlando 19 facilities at that time?</p> <p>20 A. There was nothing wrong with 21 it, no.</p> <p>22 Q. Okay. Did you ever discuss 23 the findings of the DEA that led to its 24 suspension of the Orlando facility's</p>	<p>1 Corporation merger but before 2007.</p> <p>2 Okay?</p> <p>3 A. Okay.</p> <p>4 Q. You have an understanding 5 about what that program was?</p> <p>6 A. Basically, yes.</p> <p>7 Q. Okay. What's your 8 understanding of how that program worked?</p> <p>9 A. I believe it was similar to 10 the way I described the AmerisourceBergen 11 report. There was a report that would be 12 generated on a -- I think it was a 13 monthly basis. I don't know if it was a 14 daily. I don't remember if it was 15 monthly. But it was built based on the 16 customer's purchasing history and 17 anything over a certain percentage would 18 be flagged on this report. It was called 19 a possible excessive purchase report, I 20 believe was the name of it.</p> <p>21 Q. And then that would be sent 22 to DEA?</p> <p>23 A. That would be sent to DEA, 24 the individual field offices.</p>

<p>1 Q. And did you -- did that  2 order monitoring program use thresholds  3 as we discussed earlier?  4 A. I don't believe it used  5 thresholds, no.  6 Q. Just some percentage of the  7 customer's prior month's orders?  8 A. For each -- for each drug  9 item, I believe.  10 Q. When you say each drug item,  11 what do you mean?  12 A. I think it was -- I don't  13 want to speculate. Each drug.  14 Q. Okay. You understand that  15 we're here in a -- in connection with a  16 lawsuit about opioids, correct?  17 A. Yes. I understand that.  18 Q. Let's talk about that for  19 just a minute.  20 A. Okay.  21 Q. Do you know what an opioid  22 is?  23 A. Yes, for the most part, yes.  24 Q. What's your understanding of</p>	<p>Page 102</p> <p>1 Q. Do you know of any other  2 types of opioids?  3 A. Like, morphine, I think.  4 Yeah. There may be some others.  5 Fentanyl. Fentanyl I think is synthetic.  6 Q. Okay. So those are all  7 types of opioids, to your knowledge?  8 A. I believe so.  9 Q. Okay. And so when we talk  10 about monitoring a customer's purchase  11 history, do you know the level of -- are  12 they just -- are they monitoring  13 oxycodone purchases or hydrocodone  14 purchases? Do you have any understanding  15 of what specifically is being monitored?  16 MS. McCLURE: Objection to  17 form.  18 THE WITNESS: Are you asking  19 in relation to the enhanced  20 program?  21 BY MR. PIFKO:  22 Q. No.  23 A. Or what time frame are we  24 talking about here?</p> <p>Page 104</p>
<p>1 what an opioid is?  2 A. I believe it's basically any  3 drug that was manufactured that contains  4 some derivative of opium, I suppose.  5 Q. And so when we talked about  6 drug types that are monitored, that can  7 include opioids, correct?  8 A. Yes.  9 Q. Okay. Do you know what a  10 type -- are there different types of  11 opioids, to your knowledge?  12 MS. McCLURE: Objection to  13 form.  14 THE WITNESS: I couldn't  15 tell you.  16 BY MR. PIFKO:  17 Q. Okay. Have you heard the  18 term hydrocodone?  19 A. Yes.  20 Q. Have you heard the term  21 oxycodone?  22 A. Yes.  23 Q. Are those both opioids?  24 A. I believe so.</p>	<p>Page 103</p> <p>1 Q. I made some visual aids to  2 help us do that.  3 A. Okay.  4 Q. All right. Do you see that  5 on the screen in front of you?  6 A. Yes, I do.  7 Q. It says, "Before DEA  8 enforcement action (before June 22,  9 2007)."  10 So right now I'm talking  11 about before that time period.  12 And I'm talking about the  13 system that was in place after the  14 merger. You don't know exactly when that  15 system was implemented, right?  16 MS. McCLURE: Objection to  17 form.  18 THE WITNESS: I don't know  19 exactly, no.  20 BY MR. PIFKO:  21 Q. Okay. But the merger was in  22 2001?  23 A. Yes.  24 Q. Okay. So there were</p> <p>Page 105</p>

<p>1 something, a company's order -- a 2 customer's order history with respect to 3 certain substances would be reviewed in 4 connection with the suspicious order 5 monitoring program?</p> <p>6 MS. McCLURE: Objection to 7 form. Under what program?</p> <p>8 THE WITNESS: I guess that's 9 my question. Are you talking 10 about that period?</p> <p>11 BY MR. PIFKO:</p> <p>12 Q. Yeah, I'm talking about 13 before the DEA enforcement action. I 14 want to -- I want to understand what -- 15 all attributes of the order monitoring 16 program that existed in that time period.</p> <p>17 A. I thought I described that 18 to you.</p> <p>19 Q. Okay. Well, so I was asking 20 a follow-up question, so --</p> <p>21 A. Okay. I'm sorry. You lost 22 me a little bit.</p> <p>23 Q. That's okay. We'll start 24 over.</p>	<p>1 correct?</p> <p>2 A. Yeah. I think it looked at 3 a three-month rolling average or 4 something like that. I believe it was 5 that.</p> <p>6 Q. Okay.</p> <p>7 MS. McCLURE: Mark, can we 8 just clarify. You are talking 9 about 2002 to 2007? Is that an 10 accurate statement of the time 11 period that you're addressing?</p> <p>12 MR. PIFKO: Well, he doesn't 13 know when the -- between --</p> <p>14 MS. McCLURE: Is that 15 document under the Elmo visible on 16 the video camera?</p> <p>17 Thank you.</p> <p>18 MR. PIFKO: You can read my 19 writing.</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. Okay. So we are talking 22 about post-AmerisourceBergen Corporation 23 merger but before the enforcement action.</p> <p>24 Everybody clear on the time</p>
<p>1 How does -- how does an 2 order get considered for inclusion in 3 this report that we talked about?</p> <p>4 Actually let me just back up for a better 5 record.</p> <p>6 A. Okay.</p> <p>7 Q. You -- you testified that 8 there's a report that would be submitted 9 to DEA. You said you didn't know if it 10 was daily, weekly or monthly.</p> <p>11 A. I can't remember.</p> <p>12 Q. Okay. But there is some 13 kind of report that identified certain 14 types of orders and -- and was sent to 15 DEA, correct?</p> <p>16 A. That's correct.</p> <p>17 Q. Okay. And then we are 18 talking about the process for how an 19 order is included in that report. Okay?</p> <p>20 A. I understand. Yeah.</p> <p>21 Q. Okay. So you said that the 22 company looks at whether the order is 23 over some percentage of the customer's 24 prior order over that month. Is that</p>	<p>1 period here?</p> <p>2 A. Right.</p> <p>3 Q. All right. So an order that 4 exceeds some percentage of the customer's 5 order history over the prior three 6 months. You don't know the percentage.</p> <p>7 But that order gets included in this 8 report to the DEA, correct?</p> <p>9 A. That's my understanding.</p> <p>10 Q. And when we talk about 11 exceeding a percentage, a percentage 12 of -- of what? That's what I'm -- that's 13 what we were talking about earlier.</p> <p>14 A. My understanding, it was -- 15 it's a percentage above their average 16 purchase of that drug over the 17 three-month period.</p> <p>18 Q. Okay. And so like there's 19 different drugs, right? Like --</p> <p>20 A. Mm-hmm.</p> <p>21 Q. -- OxyContin is a drug.</p> <p>22 Duragesic is a drug.</p> <p>23 A. That's correct.</p> <p>24 Q. Is it your understanding</p>

Page 110	Page 112
<p>1 that the -- in that program the actual 2 purchase of that drug over the 3 three-month period was measured or it was 4 just within a drug family?</p> <p>5 A. I think it was a specific 6 drug.</p> <p>7 Q. Okay.</p> <p>8 A. I believe.</p> <p>9 Q. Okay. And then if it 10 exceeded some percentage, it would get 11 included in this report to the DEA, 12 correct?</p> <p>13 A. That's my understanding.</p> <p>14 Q. Do you know if there was any 15 documentation other than the report to 16 the DEA --</p> <p>17 MS. McCLURE: Objection.</p> <p>18 BY MR. PIFKO:</p> <p>19 Q. -- about an order that was 20 included in this report?</p> <p>21 MS. McCLURE: Objection to 22 form.</p> <p>23 THE WITNESS: I don't think 24 so.</p>	<p>1 THE WITNESS: I don't -- I 2 don't know for sure.</p> <p>3 BY MR. PIFKO:</p> <p>4 Q. If there was any due 5 diligence, do you know if there would 6 have been any documentation of any due 7 diligence that would have been conducted?</p> <p>8 MS. McCLURE: Objection.</p> <p>9 Form.</p> <p>10 THE WITNESS: I don't recall 11 exactly when, you know, we did due 12 diligence investigations, but they 13 would have been documented if we 14 did any.</p> <p>15 BY MR. PIFKO:</p> <p>16 Q. Okay. So if --</p> <p>17 A. If and when we did any.</p> <p>18 Q. -- if any due diligence -- 19 okay. So if any due diligence 20 investigation was conducted, it would 21 have been documented, correct?</p> <p>22 A. Yes. That's my 23 understanding.</p> <p>24 Q. And do you have an</p>
<p>1 BY MR. PIFKO:</p> <p>2 Q. If an order exceeded the 3 percentage that you talked about, do you 4 know if there was any due diligence 5 conducted on that order?</p> <p>6 A. When we're talk --</p> <p>7 MS. McCLURE: Objection.</p> <p>8 You may answer.</p> <p>9 THE WITNESS: When we are 10 talking about this DEA approved 11 program that was in place in 2002 12 to --</p> <p>13 BY MR. PIFKO:</p> <p>14 Q. I'm talking about this --</p> <p>15 A. Okay.</p> <p>16 Q. -- period that's on the 17 slide in front of you.</p> <p>18 A. Then what's the question 19 again? I'm sorry.</p> <p>20 Q. If an order exceeded the 21 percentage that you talked about, do you 22 know if there was any due diligence 23 conducted on that order?</p> <p>24 MS. McCLURE: Objection.</p>	<p>1 understanding about the company's 2 practice of maintaining any such files?</p> <p>3 MS. McCLURE: Objection to 4 form.</p> <p>5 THE WITNESS: Yes.</p> <p>6 BY MR. PIFKO:</p> <p>7 Q. What's your understanding of 8 what the company's practice is?</p> <p>9 A. We had a system we used 10 called Law Track that we would document 11 any -- any material work that we did in 12 Law Track. So that's where it would have 13 been documented.</p> <p>14 Q. How long was that system in 15 place?</p> <p>16 A. I don't recall. I think it 17 was in place during that period, some 18 time in that period between 2002-2007.</p> <p>19 Q. Do you think it was in place 20 the entire time?</p> <p>21 A. Couldn't tell you.</p> <p>22 Q. Okay. Do you know how long 23 the company retained its records in Law 24 Track?</p>

Page 114	Page 116
<p>1       A. Depends on the record.</p> <p>2 We -- we complied with the corporate</p> <p>3 record retention policy. So it depends</p> <p>4 on what records they are.</p> <p>5       Q. And that's a written policy</p> <p>6 somewhere?</p> <p>7       A. There's a -- there's a</p> <p>8 record retention policy in writing, yes.</p> <p>9       Q. Okay. And you -- sitting</p> <p>10 here today, you don't know what that is?</p> <p>11      A. I couldn't tell you</p> <p>12 specifics about every record -- every</p> <p>13 type record.</p> <p>14      Q. Okay. Well, right now I'm</p> <p>15 talking about due diligence during the</p> <p>16 time period that's on the slide in here.</p> <p>17 Do you know what their record retention</p> <p>18 policy was for that?</p> <p>19      A. I don't.</p> <p>20      Q. Okay. Do you know who David</p> <p>21 May is?</p> <p>22      A. Yes, I do.</p> <p>23      Q. I'll represent to you that</p> <p>24 he testified, it's on the slide, but I'll</p>	<p>1       him, and I asked him if he</p> <p>2 heard -- did you hear --</p> <p>3 BY MR. PIFKO:</p> <p>4       Q. Did you hear me read the</p> <p>5 testimony, sir?</p> <p>6       MS. McCLURE: And I'm going</p> <p>7 to put my objection on the record,</p> <p>8 so please let me do that before</p> <p>9 you answer. Thank you.</p> <p>10      You've excerpted deposition</p> <p>11 testimony of David May. You have</p> <p>12 excerpted eight lines of testimony</p> <p>13 with absolutely zero context as to</p> <p>14 what the question was, as to the</p> <p>15 time period, as to what this</p> <p>16 testimony is regarding.</p> <p>17      There is absolutely zero</p> <p>18 information in here that allows</p> <p>19 him to discern what this is about.</p> <p>20      So if you would like to</p> <p>21 continue down this line of</p> <p>22 questioning, you are free to do</p> <p>23 so.</p> <p>24      MR. PIFKO: You can object,</p>
<p style="text-align: center;">Page 115</p> <p>1 just read it for you.</p> <p>2       He testified: "Under our</p> <p>3 program and our policy and our</p> <p>4 understanding of the regulation, and what</p> <p>5 the regulator expects from us, is when we</p> <p>6 declare an order as suspicious, it's</p> <p>7 permanently rejected and never shipped."</p> <p>8       Have you heard that?</p> <p>9       MS. McCLURE: Mark, I'm</p> <p>10 going to ask the witness to step</p> <p>11 out for a moment.</p> <p>12      MR. PIFKO: You can't just</p> <p>13 interrupt the deposition.</p> <p>14      MS. McCLURE: Or you and I</p> <p>15 can step out, but I -- I'm happy</p> <p>16 to --</p> <p>17      MR. PIFKO: I'm going to ask</p> <p>18 him -- I'm going to ask him my</p> <p>19 questions.</p> <p>20      MS. McCLURE: Okay. So</p> <p>21 you're -- you've shown for the</p> <p>22 record -- you've shown --</p> <p>23      MR. PIFKO: I've -- I asked</p> <p>24 him -- I read some testimony to</p>	<p style="text-align: center;">Page 117</p> <p>1       but you can't coach the witness</p> <p>2 and inject --</p> <p>3       MS. McCLURE: That's why I</p> <p>4 asked you to step out or him to</p> <p>5 step out.</p> <p>6       MR. PIFKO: Well, there's</p> <p>7 nothing we need to step out and</p> <p>8 discuss. I'm asking him -- okay.</p> <p>9 I just --</p> <p>10      MS. McCLURE: You continued</p> <p>11 with your questioning. I was</p> <p>12 willing to have the witness step</p> <p>13 out to not receive a coaching</p> <p>14 objection.</p> <p>15      MR. PIFKO: Okay. I'm going</p> <p>16 to ask him questions, and if -- if</p> <p>17 there's a proper basis for you to</p> <p>18 instruct him, then you can</p> <p>19 instruct him.</p> <p>20      But other than that, I'm</p> <p>21 going to ask him questions and you</p> <p>22 can -- you can state objections.</p> <p>23 Of course, you're entitled to do</p> <p>24 that, but you can't coach the</p>

Page 118	Page 120
<p>1 witness. All you can do, if you  2 want to say -- I'm not going to  3 tell you what your objection can  4 be, but you can make a valid  5 objection, and that's the end of  6 it.</p> <p>7 All right.</p> <p>8 MS. McCLURE: So I'm going  9 to --</p> <p>10 MR. PIFKO: So you just made  11 an objection. What -- you're not  12 copying here.</p> <p>13 MS. McCLURE: -- make my  14 objection up on the record, of  15 having a continuing objection to  16 any questioning --</p> <p>17 MR. PIFKO: Continuing,  18 okay. Got it.</p> <p>19 MS. McCLURE: -- regarding  20 anything that's on this document,  21 on any line here.</p> <p>22 MR. PIFKO: All right.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. All I'm asking you is --</p>	<p>1 said, yes.</p> <p>2 Q. Okay.</p> <p>3 MS. McCLURE: And I'm going  4 to note my continuing objection.</p> <p>5 BY MR. PIFKO:</p> <p>6 Q. Do you have an understanding  7 that if an order is identified as  8 suspicious, that it cannot be shipped?</p> <p>9 MS. McCLURE: Objection to  10 form.</p> <p>11 THE WITNESS: It depends on  12 what time frame you are relating  13 to and what you're referencing.</p> <p>14 BY MR. PIFKO:</p> <p>15 Q. Okay. Why does it depend on  16 what time frame I'm referencing?</p> <p>17 A. Because DEA has changed  18 their policy over the years.</p> <p>19 Q. It's your understanding that  20 the DEA has changed its policy about  21 whether you can ship a suspicious order?</p> <p>22 A. It's -- that's my  23 understanding. They've changed their  24 belief.</p>
Page 119	Page 121
<p>1 okay. Do you know who David May is?</p> <p>2 A. Yes, I do.</p> <p>3 Q. Who is David May?</p> <p>4 A. He is our VP of diversion  5 control.</p> <p>6 Q. Okay. He is the head of the  7 diversion control program, correct?</p> <p>8 A. That's correct.</p> <p>9 Q. And he worked at the DEA for  10 over 30 years, correct?</p> <p>11 A. I don't know the time frame.</p> <p>12 Q. Okay. But you know he had a  13 long history with the DEA, correct?</p> <p>14 A. That's my understanding.</p> <p>15 Q. Okay. And I'm telling you,  16 he testified, and I'm quoting: "Under  17 our program and our policy and our  18 understanding of the regulation, and what  19 the regulator expects from us, is when we  20 declare an order as suspicious, it's  21 permanently rejected and never shipped."</p> <p>22 Okay. Do you -- do you hear  23 that?</p> <p>24 A. I heard -- I heard what you</p>	<p>1 Q. I'll show you some more  2 testimony.</p> <p>3 Mr. Zimmerman testified:  4 "CSA was passed in 1970, and the" -- "the  5 federal regulations that regulate our  6 responsibilities have not changed."</p> <p>7 Mr. May testified: "I'm not  8 familiar with any changes in the  9 Controlled Substance Act."</p> <p>10 MS. McCLURE: So.</p> <p>11 MR. PIFKO: I haven't asked  12 him a question. You can't just  13 object.</p> <p>14 MS. McCLURE: You're  15 putting -- you are simply just  16 putting documents up on the Elmo  17 and making representations  18 regarding what testimony was.</p> <p>19 MR. PIFKO: Obviously my  20 representations are correct,  21 because they're quotes and I'm  22 showing --</p> <p>23 MS. McCLURE: You've  24 represented that they're quotes.</p>

Page 122	Page 124
<p>1 I'm sure that you would in fact 2 put quotes on the document. So 3 I'm not questioning that, although 4 of course I don't have the ability 5 to independently verify.</p> <p>6 MR. PIFKO: Okay. I haven't 7 even asked him a question. So you 8 need to let me ask my questions.</p> <p>9 MS. McCLURE: Mark, I'm 10 trying --</p> <p>11 MR. PIFKO: You're 12 interrupting the deposition.</p> <p>13 MS. McCLURE: You want the 14 witness to leave?</p> <p>15 MR. PIFKO: You're 16 interrupting the question. If you 17 take him out, you're coaching him 18 and that's completely improper.</p> <p>19 MS. McCLURE: No, I said do 20 you want the witness to leave? 21 I'm happy to take him out. I'm 22 not coaching him.</p> <p>23 MR. PIFKO: No. I would 24 like to ask -- you're interrupting</p>	<p>1 representing answers up on the 2 screen. We don't even know what 3 the answer to the question was.</p> <p>4 MR. PIFKO: It doesn't 5 matter. You don't even know what 6 my question is.</p> <p>7 MS. McCLURE: Okay. So I'm 8 going to make my --</p> <p>9 MR. PIFKO: Okay. So let me 10 ask the question.</p> <p>11 MS. McCLURE: -- continuing 12 objection --</p> <p>13 MR. PIFKO: Okay, continuing 14 objection all you want.</p> <p>15 MS. McCLURE: -- to this 16 entire line of questioning and you 17 presenting the witness with 18 deposition testimony that is 19 absolutely without context as to 20 time period, what the witness's 21 capacity was in --</p> <p>22 MR. PIFKO: Okay. You're 23 coaching him by talking about time 24 period and things like that.</p>
<p>1 my ability to ask questions.</p> <p>2 MS. McCLURE: Well, I'm 3 going to continue --</p> <p>4 MR. PIFKO: I haven't asked 5 the question. All I did was tell 6 him what other people testified 7 to.</p> <p>8 MS. McCLURE: You 9 represented what other people 10 testified to and that's --</p> <p>11 MR. PIFKO: It's accurate 12 and true representation. I'm 13 allowed to do that.</p> <p>14 MS. McCLURE: Mark --</p> <p>15 MR. PIFKO: I could say do 16 you think that David May testified 17 that his favorite color was blue.</p> <p>18 MS. McCLURE: Mark --</p> <p>19 MR. PIFKO: Okay.</p> <p>20 MS. McCLURE: You are 21 representing --</p> <p>22 MR. PIFKO: I haven't asked 23 a question.</p> <p>24 MS. McCLURE: You are</p>	<p>1 MS. McCLURE: I've offered 2 him --</p> <p>3 MR. PIFKO: You're telling 4 him what to say. You're offering 5 him guidance.</p> <p>6 MS. McCLURE: -- that he 7 could leave, and you haven't taken 8 me up on that, so you're putting 9 me in a position and forcing me to 10 document my objection on the 11 record.</p> <p>12 BY MR. PIFKO:</p> <p>13 Q. Okay. So I'm showing you 14 again sir, Mr. Zimmerman -- you know who 15 he is. He was your boss.</p> <p>16 He testified, "The CSA was 17 passed in 1970 and the federal 18 regulations that regulate our 19 responsibilities have not changed."</p> <p>20 And Mr. May testified, "I'm 21 not familiar with any changes in the 22 Controlled Substance Act."</p> <p>23 I asked you if you 24 understood that if an order is identified</p>

Page 126	Page 128
<p>1 as suspicious, if it can be shipped. And  2 you said it depends on the time period,  3 correct?</p> <p>4 A. Okay. The regulations don't  5 specify anything about shipping or not  6 shipping suspicious orders.</p> <p>7 Q. What's the basis for your  8 understanding?</p> <p>9 A. The regulation states that  10 we have to design and operate a program  11 to detect suspicious orders. As I  12 recall, that regulation mentions nothing  13 about whether they should be shipped or  14 not.</p> <p>15 Q. Okay. So do you disagree  16 with Mr. May's testimony?</p> <p>17 MS. McCLURE: Objection,  18 form. Objection, misstates  19 testimony.</p> <p>20 THE WITNESS: Again, it has  21 to be in context of the time frame  22 that he's talking about.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. Okay. Do you agree with the</p>	<p>1 form. You can answer.</p> <p>2 THE WITNESS: That's our  3 policy today.</p> <p>4 BY MR. PIFKO:</p> <p>5 Q. I'm not asking what your  6 policy is. I'm asking what your  7 understanding of the regulations are.</p> <p>8 A. The regulation is we are to  9 designed and operate a system to detect  10 suspicious orders and report them.</p> <p>11 Q. Okay. So is it your  12 testimony that -- okay. But is there  13 some period earlier where you believe an  14 order that was identified as suspicious  15 could be shipped?</p> <p>16 MS. McCLURE: Objection to  17 form.</p> <p>18 You may answer.</p> <p>19 THE WITNESS: I don't know  20 the exact dates of when that  21 changed.</p> <p>22 BY MR. PIFKO:</p> <p>23 Q. But you believe that there  24 was some date upon which it was changed?</p>
<p>1 statements I showed you for Mr. Zimmerman  2 and Mr. May, that the Controlled  3 Substance Act, the law and the  4 regulations have not changed since 1970?</p> <p>5 MS. McCLURE: Continuing to  6 this line of questioning.</p> <p>7 Objection to form. Objection,  8 misstates testimony.</p> <p>9 THE WITNESS: Well I  10 disagree with both, because one --  11 one was about regulations, and one  12 was about the Act itself. And I  13 know the regulations have  14 changed -- changed several times  15 over the years.</p> <p>16 BY MR. PIFKO:</p> <p>17 Q. Okay. And so do you believe  18 there's been a change -- well, let me ask  19 you a different question.</p> <p>20 Is it your understanding  21 that today, an order that's identified as  22 suspicious, cannot be shipped?</p> <p>23 A. Today?</p> <p>24 MS. McCLURE: Objection to</p>	<p>1 A. The policy of DEA changed  2 about suspicious orders.</p> <p>3 Q. And whether you could ship  4 them?</p> <p>5 A. I know as of 2007 we were  6 told not to ship.</p> <p>7 Q. Okay. Do you believe that  8 there was any period prior to 2007 where  9 you couldn't ship a suspicious order?</p> <p>10 A. Not that I know of.</p> <p>11 Q. Okay. And do you know what  12 communication was from the DEA that told  13 you that you couldn't ship a suspicious  14 order?</p> <p>15 A. I believe that was part of  16 our negotiations in the settlement, part  17 of the company's negotiations with DEA.</p> <p>18 Q. Okay. So let's go back to  19 this time period.</p> <p>20 In the company's program, in  21 this time period that's on the slide in  22 the post merger before the settlement.</p> <p>23 A. Okay.</p> <p>24 Q. Was it the company's</p>

Page 130	Page 132
<p>1 practice to ship an order that was 2 identified as suspicious? 3 MS. McCLURE: Objection. 4 Asked and answered. You can 5 answer. 6 THE WITNESS: The company 7 didn't identify it as a suspicious 8 order. The company created a 9 report and sent it to DEA of 10 possible excessive orders. 11 BY MR. PIFKO: 12 Q. Okay. And was it the 13 company's practice to ship all those 14 orders that were identified as 15 suspicious? 16 MS. McCLURE: Same 17 objection. 18 BY MR. PIFKO: 19 Q. Or sorry, excessive. 20 A. In most cases they were 21 shipped. 22 Q. Okay. If an order was not 23 shipped, would that have been documented? 24 A. At that time, probably not.</p>	<p>1 that it exceeded the customer's prior 2 three months' ordering history, would 3 that be unusual? 4 MS. McCLURE: Objection to 5 form. 6 THE WITNESS: Could be. 7 BY MR. PIFKO: 8 Q. So an order that was 9 excessive can be suspicious, correct? 10 A. Could be. 11 Q. Is there anything that would 12 make an order that's excessive not 13 suspicious? 14 MS. McCLURE: Objection to 15 form. 16 THE WITNESS: Yes. 17 BY MR. PIFKO: 18 Q. What would that be? 19 A. It could be an ordering 20 error of some sort. 21 Q. Anything else? 22 A. There's a lot of reasons. 23 The pharmacy could have been robbed and 24 all of their drugs taken and, you know,</p>
<p>1 Q. Probably not? 2 A. Other than the system 3 itself. The invoice would have reflected 4 the product wasn't shipped. 5 Q. What's the difference 6 between an excessive order and a 7 suspicious order? 8 A. A possible excessive order 9 would have been an order that would have 10 exceeded those parameters that were built 11 into the system to produce those reports. 12 Q. Okay. What's a suspicious 13 order? 14 A. Anything that met those 15 guidelines and the regulation that could 16 be a suspicious order. 17 Q. Do you know what those 18 guidelines are? 19 A. I couldn't recite it word 20 for word, but you know, unusual quantity, 21 size, frequency. I can't remember the 22 rest of it. I don't know the regulation. 23 I can't recite it word for word. 24 Q. If an order was excessive in</p>	<p>1 they are ordering an unusually large 2 quantity. 3 Q. Anything else? 4 A. Nope. Can't think of 5 anything right off the top of my head. 6 Q. Did the company in this time 7 period again on the slide, undertake any 8 effort to investigate an order that was 9 identified as excessive? 10 A. Yes. Somewhere after the 11 August of 2005 time frame we started 12 doing some additional due diligence. 13 Q. And what -- 14 A. On customers and orders. 15 Q. Okay. What was the nature 16 of that due diligence? 17 A. We started using a 18 questionnaire for customers and site 19 visits. 20 Q. Okay. How about with 21 respect to a specific order though? Was 22 there any due diligence that was 23 conducted with respect to a specific 24 order?</p>

Page 134	Page 136
<p>1 MS. McCLURE: Objection to 2 form.</p> <p>3 THE WITNESS: There was, 4 yeah. Those reports would be 5 reviewed and we would do some 6 additional due diligence based on 7 some of those orders, those 8 reports.</p> <p>9 BY MR. PIFKO:</p> <p>10 Q. What reports?</p> <p>11 A. The reports that we've been 12 talking about.</p> <p>13 Q. The excessive order reports?</p> <p>14 A. Yeah, the excessive order 15 reports.</p> <p>16 Q. Okay. And what was the 17 nature of the due diligence that was 18 conducted?</p> <p>19 A. Again, we would do -- we 20 would send out a questionnaire, and we 21 would have -- actually have the 22 salesperson go in, visit the site, and 23 have the questionnaire filled out. I 24 believe it was signed by the salesperson</p>	<p>1 A. The DEA enforcement action 2 wasn't in June 2007.</p> <p>3 Q. When was that?</p> <p>4 A. I think the action was 5 April, probably.</p> <p>6 Q. Okay.</p> <p>7 A. Yeah. That was the date of 8 the settlement.</p> <p>9 Q. Okay. Right. The company 10 changed its practices in connection with 11 the settlement, correct?</p> <p>12 MS. McCLURE: Objection. 13 Form.</p> <p>14 THE WITNESS: We changed 15 some practices after the 16 August 2005 period and then 17 changed them more after the 18 enforcement action.</p> <p>19 BY MR. PIFKO:</p> <p>20 Q. Okay. Right. So that's why 21 I'm book-ending this particular time 22 period.</p> <p>23 A. Okay.</p> <p>24 Q. So the questions that you</p>
<p>1 and the customer.</p> <p>2 Q. What was in the 3 questionnaire?</p> <p>4 A. Questions that we were 5 provided by DEA that they suggested that 6 we ask to customers.</p> <p>7 Q. Do you remember any of the 8 types of questions?</p> <p>9 A. There were 10 or 12 -- 10 or 10 12 questions. All related to internet 11 pharmacy, to ensuring that a pharmacy 12 wasn't engaged in that internet activity.</p> <p>13 Q. Okay. And when did that 14 start?</p> <p>15 A. I would say late 2005.</p> <p>16 Sometime after August.</p> <p>17 Q. I want to be clear that we 18 are talking about the right time period. 19 So I just wrote down what we talked about 20 there.</p> <p>21 Okay. So we're talking 22 about this time period after August of 23 2005 but before the DEA enforcement 24 action. Okay?</p>	<p>1 asked of pharmacies were designed to 2 determine whether a pharmacy was an 3 internet pharmacy?</p> <p>4 A. Yes.</p> <p>5 Q. Did they ask any other types 6 of information?</p> <p>7 A. When you say they, who are 8 you talking of?</p> <p>9 Q. The questionnaire.</p> <p>10 A. I -- I don't remember the 11 specific questions at the time.</p> <p>12 Q. Okay. So we got on this 13 track because what I was asking was how 14 you determined whether an order that's 15 excessive is -- is suspicious and whether 16 there was any investigation or due 17 diligence that would have been conducted 18 on an order that was excessive. Okay?</p> <p>19 A. Okay.</p> <p>20 Q. So you testified that after 21 August 2005 there were questions that 22 were asked.</p> <p>23 A. Mm-hmm.</p> <p>24 Q. Were there -- those</p>

Page 138	Page 140
<p>1 questions appear to be, as you're 2 testifying, just designed to determine if 3 something is an internet pharmacy, 4 correct?</p> <p>5 MS. McCLURE: Objection to 6 form.</p> <p>7 THE WITNESS: I don't -- you 8 know, I don't know if it was just 9 totally all the questions were 10 totally specific to internet 11 pharmacy. There may have been 12 other questions just to -- to try 13 to find out what, you know, what 14 the pharmacy's practices were.</p> <p>15 BY MR. PIFKO:</p> <p>16 Q. What, in the questionnaire, 17 would tell you if an order that was in 18 the excessive order report was 19 suspicious?</p> <p>20 A. In the questions on the -- 21 that wouldn't tell us an order is 22 suspicious or not.</p> <p>23 Q. Okay. What investigation, 24 if any, did you conduct on an excessive</p>	<p>1 page? Okay?</p> <p>2 A. An order that's generated on 3 that report.</p> <p>4 Q. Right.</p> <p>5 A. Yes. Okay. It could be any 6 controlled substance.</p> <p>7 Q. Okay. In order to -- I'm 8 asking you about types of investigations 9 that were done on those orders to 10 determine whether they were suspicious.</p> <p>11 And so you said that Eric looked at them 12 to see if they had hydrocodone 13 combination products in them. And 14 that's -- and then if they did, you would 15 do a further investigation, correct?</p> <p>16 A. Well, I think that was a 17 primary --</p> <p>18 MS. McCLURE: Objection to 19 form.</p> <p>20 THE WITNESS: I'm sorry.</p> <p>21 MS. McCLURE: That's okay.</p> <p>22 THE WITNESS: I believe that 23 was his primary focus, but he 24 would look -- he would review the</p>
<p>1 order that would tell you whether it was 2 suspicious?</p> <p>3 A. To the best of my 4 recollection and -- Eric would review 5 those monthly reports. And we would -- 6 we were looking for specifically at the 7 time the drugs that were being used a lot 8 by the internet pharmacy which was 9 typically the hydrocodone combination 10 products. And that would be the things 11 that he would look for on those reports. 12 And then he would generate an 13 investigation of that customer based on 14 reviewing those reports, as I recall.</p> <p>15 Q. Other than hydrocodone 16 combination products, was there any other 17 feature of an order that you would look 18 at to determine whether it was suspicious 19 if it was an excessive order report?</p> <p>20 A. Well, again the system, it 21 looked at all controlled substances.</p> <p>22 Q. An order is -- gets included 23 under the order monitoring program as an 24 excessive order. Are we on the same</p>	<p>1 whole report is my -- as -- as I 2 recall.</p> <p>3 BY MR. PIFKO:</p> <p>4 Q. And you are talking about 5 Eric Cherveny, to be clear?</p> <p>6 A. Yes.</p> <p>7 Q. Okay. When did he start 8 doing that?</p> <p>9 A. Again, it was probably 10 sometime after August of 2005. I don't 11 remember the exact date that he started 12 doing that.</p> <p>13 Q. What's a hydrocodone 14 combination product?</p> <p>15 A. Again, not speaking -- 16 speaking as a layman, not a pharmacist 17 or -- or a chemist, but it's a 18 hydrocodone in combination with some 19 other noncontrolled product like 20 acetaminophen or aspirin or something 21 like that. That would be a combination 22 product.</p> <p>23 Q. And you had an understanding 24 that those products were more likely to</p>

Page 142	Page 144
<p>1 be the subject of diversion?</p> <p>2 MS. McCLURE: Objection.</p> <p>3 THE WITNESS: That was our</p> <p>4 understanding, that that was the</p> <p>5 drug that was most -- most likely</p> <p>6 used by the internet pharmacy.</p> <p>7 BY MR. PIFKO:</p> <p>8 Q. What was the basis of that</p> <p>9 understanding?</p> <p>10 A. Communications from DEA.</p> <p>11 Q. So the DEA told you that</p> <p>12 those products were of particular</p> <p>13 concern?</p> <p>14 A. Yes.</p> <p>15 Q. Prior to August 2005, was</p> <p>16 anybody looking at the excessive order</p> <p>17 reports to determine if they weren't</p> <p>18 suspicious?</p> <p>19 MS. McCLURE: Objection to</p> <p>20 form.</p> <p>21 THE WITNESS: I believe</p> <p>22 someone may have reviewed those,</p> <p>23 but they were -- they were sent to</p> <p>24 DEA.</p>	<p>1 Q. And he was the only one who</p> <p>2 was doing that?</p> <p>3 A. I believe so at that time.</p> <p>4 Q. And I want to clarify for</p> <p>5 the record. We're talking about every</p> <p>6 order that's in the excessive order</p> <p>7 report, correct?</p> <p>8 A. That he reviewed?</p> <p>9 MR. PIFKO: Yeah.</p> <p>10 MS. McCLURE: Objection to</p> <p>11 form.</p> <p>12 THE WITNESS: I believe</p> <p>13 that's correct.</p> <p>14 BY MR. PIFKO:</p> <p>15 Q. And prior to that time, an</p> <p>16 excessive order report would include an</p> <p>17 order from any customer, correct?</p> <p>18 A. That's my understanding.</p> <p>19 Q. Not just a potential</p> <p>20 internet customer, correct?</p> <p>21 A. That's correct.</p> <p>22 Q. And you don't have any</p> <p>23 recollection of whether anyone reviewed</p> <p>24 any excessive order reports prior to</p>
<p>1 BY MR. PIFKO:</p> <p>2 Q. You -- you believe they were</p> <p>3 reviewed by someone at AmerisourceBergen?</p> <p>4 A. I don't recall.</p> <p>5 Q. So you don't know either</p> <p>6 way?</p> <p>7 A. I don't. Yeah, I don't.</p> <p>8 Q. So it's your testimony that</p> <p>9 sitting here today, you don't know if</p> <p>10 anything was done to determine that an</p> <p>11 order in the excessive order report</p> <p>12 wasn't suspicious prior to August 2005,</p> <p>13 correct?</p> <p>14 A. That's correct.</p> <p>15 Q. If there was an</p> <p>16 investigation, it would be put in the Law</p> <p>17 Track system?</p> <p>18 A. I would -- I would think so,</p> <p>19 yes.</p> <p>20 Q. And Eric Cherveny was the</p> <p>21 person who was responsible for doing</p> <p>22 that?</p> <p>23 A. After August of 2005, yes,</p> <p>24 he was doing those.</p>	<p>1 August 2005, correct?</p> <p>2 MS. McCLURE: Objection.</p> <p>3 THE WITNESS: I don't.</p> <p>4 BY MR. PIFKO:</p> <p>5 Q. Do you have an understanding</p> <p>6 about -- did you ever look at any of</p> <p>7 those excessive order reports?</p> <p>8 A. Yes.</p> <p>9 Q. How often did you look at</p> <p>10 excessive order reports?</p> <p>11 A. I couldn't say. Not very</p> <p>12 often.</p> <p>13 Q. About how many orders would</p> <p>14 be included in an excessive order report,</p> <p>15 on the times when you observed them?</p> <p>16 A. I have no idea.</p> <p>17 Q. Would you say 100 orders,</p> <p>18 more than 100 orders?</p> <p>19 MS. McCLURE: Objection.</p> <p>20 Form. Asked and answered.</p> <p>21 THE WITNESS: I couldn't</p> <p>22 say.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. Okay. A million orders?</p>

Page 146	Page 148
<p>1 You have no idea about how many orders      2 are in an excessive order?      3 A. I doubt it's a million.      4 Q. Okay. More than -- these      5 were generated -- you don't know how      6 frequently they were generated, monthly,      7 weekly?      8 A. I believe they were monthly      9 reports --      10 Q. Okay.      11 A. -- and they were generated      12 for each distribution center and reported      13 to DEA.      14 Q. Okay. And those were      15 maintained in the Law Track system or how      16 were those maintained?      17 MS. McCLURE: Objection.      18 Form.      19 THE WITNESS: Those reports?      20 BY MR. PIFKO:      21 Q. Yeah.      22 A. I don't know.      23 Q. About how many occasions do      24 you recall looking at the excessive order</p>	<p>1 Q. We talked earlier about the      2 duty for a registrant to prevent      3 diversion. Do you recall that?      4 A. Yes. Yes.      5 MS. McCLURE: Objection to      6 form.      7 BY MR. PIFKO:      8 Q. Do you know what diversion      9 is?      10 A. It's basically the act of      11 diverting something from wherever it was      12 intended in basic terms.      13 Q. Do you have an understanding      14 of how the company seeks to prevent      15 diversion?      16 MS. McCLURE: Objection.      17 Form.      18 THE WITNESS: We seek to      19 prevent diversion by complying      20 with the regulations.      21 BY MR. PIFKO:      22 Q. Do you understand that -- do      23 you have an understanding about why we      24 want to prevent diversion?</p>
<p>1 reports?      2 MS. McCLURE: Objection.      3 Asked and answered.      4 THE WITNESS: I don't know.      5 I just know what they look like.      6 BY MR. PIFKO:      7 Q. Let's talk about the duty to      8 prevent diversion.      9 A. Okay.      10 Q. There's a quote here from      11 the Code of Federal Regulations.      12 It says: "All applicants      13 and registrants shall provide effective      14 controls and procedures to guard against      15 theft and diversion of controlled      16 substances."      17 MS. McCLURE: To the extent      18 that that's not a full and      19 complete representation of what      20 the statute says, which I can't      21 say off the top of my head whether      22 it is or it isn't, then I object      23 to the excerpt.      24 BY MR. PIFKO:</p>	<p>1 A. Yes.      2 Q. What's your understanding      3 why we want to prevent diversion?      4 A. We want to prevent --      5 preventing diversion prevents controlled      6 substances from getting -- getting      7 outside of the legitimate channels that      8 they're being intended for.      9 Q. And why do we want to do      10 that? Why don't we want controlled      11 substances to get outside of legitimate      12 channels?      13 A. Because we don't want people      14 that shouldn't be getting them to be      15 getting them.      16 Q. Because they can abuse them?      17 MS. McCLURE: Objection.      18 THE WITNESS: They could.      19 BY MR. PIFKO:      20 Q. And they could become      21 addicted to them?      22 A. They could.      23 MS. And 9 there are a number of different reasons 10 why.</p> <p>11        "I think that people who may 12 be addicted and can no longer get a 13 prescription opioid, can that cause them 14 to go to the illegal market? <p>1 participating in this meeting?</p> <p>2 A. Yes. I represented</p> <p>3 AmerisourceBergen in that meeting.</p> <p>4 Q. Okay. Who was at this</p> <p>5 meeting besides you?</p> <p>6 A. It was only myself and Mike</p> <p>7 Mapes from DEA. And I don't recall the</p> <p>8 gentleman's name, but I think he was</p> <p>9 their chief counsel.</p> <p>10 Q. I don't think Kyle was in</p> <p>23 the room.</p> <p>24 Q. Okay. You don't remember</p>	<p>1 Q. You and anybody else</p> <p>2 meeting --</p> <p>3 A. -- or are you talking</p> <p>4 about --</p> <p>5 Q. -- with the DEA in an</p> <p>6 official capacity --</p> <p>7 A. They --</p> <p>8 MS. Okay. So my question is,</p> <p>18 prior to this meeting with DEA in</p> <p>19 August 10, 2005, if you had met with them</p> <p>20 in an official capacity before then.</p> <p>21 A. Not other than that</p> <p>22 situation I told you about. I may have</p> <p>23 met with them -- anytime we had an</p> <p>24 informal hearing or something like that,</p>
<p>1 the other person's name?</p> <p>2 A. No, I don't. He was an</p> <p>3 older gentleman, and he was an attorney.</p> <p>4 But I don't remember his exact title. He</p> <p>5 was an attorney with DEA.</p> <p>6 Q. Was this the first time that</p> <p>7 you met with the DEA as a representative</p> <p>8 of AmerisourceBergen Corporation?</p> <p>9 A. No, I'm sure I met with DEA</p> <p>10 in the past before that.</p> <p>11 Q. What were other types of</p> <p>12 occasions where you would have met with</p> <p>13 DEA?</p> <p>14 A. I remember when I was in</p> <p>15 Chattanooga meeting with them in</p> <p>16 Nashville related to the -- some concerns</p> <p>17 they had following an inspection, I</p> <p>18 believe.</p> <p>19 Q. That was back in the '70s?</p> <p>20 A. Yeah. Yeah. '70s, early</p> <p>21 '80s, maybe.</p> <p>22 Q. Okay. How about more</p> <p>23 recently, but prior to this meeting?</p> <p>24 A. Just me meeting with DEA --</p>	<p>1 and I can't remember if it was before</p> <p>2 that. I went to an informal hearing in</p> <p>3 Atlanta, based on the Atlanta DC. They</p> <p>4 had concerns about order forms during an</p> <p>5 inspection. Again, the previous one in</p> <p>6 Nashville. Other than that not in an</p> <p>7 official capacity that I can recall.</p> <p>8 Q. When was the Atlanta meeting</p> <p>9 that you can recall?</p> <p>10 A. I don't remember. It was</p> <p>11 probably early 2000s, something like</p> <p>12 that.</p> <p>13 Q. So this specific meeting,</p> <p>14 how did it come about, did someone call</p> <p>15 you up and say --</p> <p>16 A. This one?</p> <p>17 Q. Yeah.</p> <p>18 A. What prompted the meeting?</p> <p>19 Q. Yeah.</p> <p>20 A. Kyle Wright approached me at</p> <p>21 an H -- I believe it was an HDA</p> <p>22 conference and asked me if I would come</p> <p>23 and meet with them. And I said sure.</p> <p>24 Q. There's a slide that says      6 "Internet Pharmacies."      7 A. Mm-hmm.      8 Q. Do you see that?      9 A. Mm-hmm, yes.      10 Q. And it talks about some      11 attributes of an internet pharmacy.      12 A. Correct.      13 Q. Do -- do you have an      14 understanding about why the DEA was      15 concerned about internet pharmacies?      16 A. Yes.      17 Q. What -- what was your      18 understanding?      19 A. Well, my -- my understanding      20 from this meeting was that it was      21 becoming a big problem.      22 Q. How so?      23 A. Because people were able to      24 purchase specifically hydrocodone</p>	<p style="text-align: right;">Page 164</p> <p>1 else was involved in the discussion.      2 Q. Was it as a result of this      3 meeting that you implemented the process      4 where Eric Cherveny would look for      5 hydrocodone combination products in the      6 excessive order reports?      7 A. Yes.      8 Q. Did you talk about this      9 meeting with Eric Cherveny?      10 A. I don't remember talking to      11 him specifically about this meeting. But      12 that's when we put those procedures in      13 place.      14 Q. Did you implement any other      15 procedures as a result of this meeting?      16 A. Not that I -- not other than      17 previously stated.      18 Q. The only procedure I'm --      19 for clarity of the record, that I'm aware      20 of, is looking for hydrocodone products      21 in the excessive order reports. Were      22 there any other procedures that you      23 implemented as a result of this meeting?      24 MS. McCLURE: Objection to</p>
<p style="text-align: right;">Page 163</p> <p>1 combination products and -- and other      2 drugs over the internet just based on a      3 questionnaire and not seeing a doctor.      4 Q. Were you aware of this      5 concern about internet pharmacies prior      6 to this August 10th meeting, 2005 meeting      7 with the DEA?      8 A. I don't -- I think this was      9 the first time that it was brought to my      10 attention, that it was a problem.      11 Q. You don't recall ever      12 discussing concerns about internet      13 pharmacies within AmerisourceBergen prior      14 to this time?      15 A. No, I don't.      16 Q. After attending this      17 meeting, did you discuss the nature of      18 these slides and the discussion with the      19 DEA with anyone at AmerisourceBergen?      20 A. Yes.      21 Q. Who did you discuss it with?      22 A. My boss, Chris Zimmerman.      23 Q. Anyone else?      24 A. I can't remember if anyone</p>	<p style="text-align: right;">Page 165</p> <p>1 form.      2 THE WITNESS: The -- the      3 enhanced due diligence.      4 BY MR. PIFKO:      5 Q. The questionnaire      12 that we talked about earlier that you --      13 you would occasionally send these      14 questionnaires to customers after      15 August 2005, is that correct?      16 A. That's my -- that's my      17 understanding and my recollection.      18 Q. And the purpose of that      19 questionnaire was to try to learn about      20 whether a pharmacy might be engaging in      21 internet pharmacy conduct?      22 MS. Supreme Court 6 case on the third page, and then there's 7 a pharmacy mentioned here with a cite to 8 the Federal Register. Another pharmacy 9 and a Federal Register cite. Another 10 Supreme Court case. Do you recall 11 what -- what they told you when you were 12 looking at these court cases and Federal 13 Register cites? 14 A. No, I do not. 15 Q. Sitting here today, do you 16 understand what the significance of these 17 court cases, two court cases and the two 18 pharmacies, why they are included here? 19 MS. McCLURE: Objection to 20 the form. 21 THE WITNESS: I don't 22 recall -- I don't remember these 23 cases or specifics of them. 24 BY MR. PIFKO:	1 Q. Did you give one to Chris 2 Zimmerman? 3 A. I couldn't -- I don't 4 remember specifically who I gave them to. 5 Q. You think you gave them to 6 somebody? 7 A. I'm sure I did. 8 Q. Let's go to Page 7 of the 9 document. 10 A. Okay. 11 Q. It talks about suspicious 12 orders. Do you see that here? 13 A. Yes. 14 Q. Did you discuss suspicious 15 orders with them in connection with this 16 meeting, the DEA? 17 A. I don't remember 18 specifically that. 19 Q. Do you recall the DEA 20 telling you at this time that you had to 21 report suspicious orders when discovered? 22 A. I don't recall the 23 discussion. 24 Q. Do you recall the DEA
1 Q. Do you remember reading 2 any -- did you -- after the meeting, did 3 you read the Federal Register cites that 4 are here about these pharmacies? 5 A. I don't remember. 6 Q. Do you believe you would 7 have shared these -- those Federal 8 Register cites with anyone at 9 AmerisourceBergen? 10 A. I'm sure I did, because I 11 was given binders to take back. 12 Q. You were given more than one 13 copy? 14 A. I think I was given two or 15 three. 16 Q. Okay. Did they tell you 17 what they wanted you to do with these 18 extra copies? 19 A. I think they just offered 20 them as extra copies. 21 Q. Okay. And who did you give 22 it to? 23 A. I couldn't tell you 24 specifically.	1 telling you that reporting a suspicious 2 order to the DEA does not relieve the 3 distributor of the responsibility to 4 maintain effective controls against 5 diversion? 6 A. I don't recall that 7 discussion. 8 Q. Did you have an 9 understanding that that was a 10 requirement -- 11 A. Yes. 12 Q. -- at that time? 13 MS. McCLURE: Object to the 14 form. 15 THE WITNESS: Yes, I 16 understand the requirement. 17 BY MR. PIFKO: 18 Q. What efforts did 19 AmerisourceBergen have in place at that 20 time to identify suspicious orders? 21 A. We had the same report that 22 we discussed earlier that was approved by 23 DEA. 24 Q. Anything else?

Page 170	Page 172
<p>1 A. Be excessive suspicious 2 order report. And that's what we 3 reported to DEA. 4 Q. Anything else? 5 A. That -- anything else that 6 we do to -- 7 Q. At that time -- 8 MS. McCLURE: Were you 9 finished answering his question? 10 THE WITNESS: No. I guess I 11 want him to repeat the question, 12 the last question. When you say 13 anything else, related to what? 14 BY MR. PIFKO: 15 Q. Again, talking about this 16 time period that's up on the slide here, 17 before the suspension of the Orlando 18 facility's registration, but after the 19 AmerisourceBergen merger. Was there 20 anything else in place besides the 21 suspicious excessive order reports that 22 we talked about? 23 A. Sure. Yeah. Yes. 24 Q. To identify suspicious</p>	<p>1 A. Yes. At the time of 2 renewal. 3 Q. What do you mean renewal? 4 What's that? 5 A. Well, the customer is 6 required to renew their license and 7 required to renew their DEA registration. 8 Q. Okay. 9 A. We systematically track 10 that. 11 Q. So when you onboard a 12 customer, you mark the date of when they 13 were required to renew their 14 registration? 15 A. It's loaded in the system. 16 Q. And then you would check at 17 some point after that to see if they 18 still had a valid registration? 19 A. The system monitored it. 20 Once they hit an expiration date, the 21 system would automatically block orders, 22 depending on which license it is. 23 Q. Anything else that you would 24 do to check to see if a registration was</p>
<p>1 orders? 2 A. There's other things in 3 place that the regulations require us to 4 do. 5 We make sure that any 6 pharmacy that we distribute controlled 7 substances to is properly licensed by the 8 state and registered by DEA. 9 Q. How did you do that? 10 A. The requirement is that we 11 make a good faith effort to ensure that 12 they are licensed and registered with 13 DEA, and we typically would -- this was 14 before you could check websites to verify 15 it, we would get copies of their licenses 16 to verify that they were properly 17 licensed. 18 Q. At what stage in the process 19 would you get copies of their license? 20 A. Upon onboarding of the 21 customer. 22 Q. Did you ever engage in any 23 effort to check their license after you 24 onboarded them?</p>	<p>1 revoked or suspended? 2 A. Yes. We'd get a NTIS report 3 that gets reviewed every -- I believe 4 it's every month, and it basically is 5 a -- information about all the customers, 6 DEA registration, it gets matched -- it 7 gets matched up with our customer file 8 and flags any discrepancies, and they get 9 investigated. That's one way. 10 And DEA also sends out a -- 11 they used to mail it out, like a 12 quarterly retired list of any 13 registered -- registration numbers that 14 had been revoked or retired, and that was 15 required to be reviewed. 16 Q. And all those things were 17 done during this time period? 18 A. As I recall, yes. 19 Q. Okay. So you had the 20 excessive suspicious order reports, the 21 checking of the registration. Anything 22 else that you did to identify suspicious 23 orders? 24 A. Again, we had the posting in</p>

Page 174	Page 176
<p>1 the vault and cage with the base quantity      2 levels that -- so we didn't want to      3 totally rely on systems. We wanted to      4 make sure that people had an opportunity      5 to report any orders that looked      6 suspicious to them to their supervisor.</p> <p>7 Q. Okay. Anything else?</p> <p>8 A. I can't think of anything      9 else. Could be.</p> <p>10 Q. Going back to Exhibit 1.      11 I'm on Page 7.</p> <p>12 A. Okay.</p> <p>13 Q. It looks like you are there.</p> <p>14 A. Yes, sir.</p> <p>15 Q. The second slide on Page 7      16 there says, "Reporting a suspicious order      17 to DEA does not relieve the distributor      18 of the responsibility to maintain      19 effective controls against diversion."</p> <p>20 Do you see that?</p> <p>21 A. Yes, I do.</p> <p>22 Q. Did you have an      23 understanding that that was a requirement      24 at that time?</p>	<p>1 enough necessarily to control diversion,      2 correct?</p> <p>3 MS. McCLURE: Object to      4 form.</p> <p>5 THE WITNESS: Again,      6 reporting a suspicious order      7 doesn't relieve us of our      8 responsibility to have effective      9 controls to prevent diversion,      10 which we have in place, we had in      11 place.</p> <p>12 BY MR. PIFKO:</p> <p>13 Q. So if diversion occurs even      14 though you reported an order, you're      15 still responsible, correct?</p> <p>16 MS. McCLURE: Object to the      17 form.</p> <p>18 THE WITNESS: Can you repeat      19 that again?</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. You said reporting a      22 suspicious order doesn't relieve us of      23 our duty to have effective controls      24 against diversion. So I'm just</p>
<p>1 MS. McCLURE: Object to      2 form.</p> <p>3 THE WITNESS: I understood      4 the regulation, yes.</p> <p>5 BY MR. PIFKO:</p> <p>6 Q. What do you understand that      7 to mean?</p> <p>8 A. That we still have to have      9 effective controls to prevent diversion.      10 We're required to maintain effective      11 controls.</p> <p>12 Q. And that even if you report      13 an order to the DEA that's suspicious,      14 you still need to do something to make      15 sure it's not diverted?</p> <p>16 MS. McCLURE: Object to      17 form.</p> <p>18 THE WITNESS: We just      19 understand that we're -- it      20 doesn't relieve us of our      21 responsibility to maintain      22 effective controls.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. So reporting it alone is not</p>	<p>1 clarifying. Merely reporting it, if an      2 order is suspicious, and you report it      3 and it gets diverted, you're still      4 responsible, correct?</p> <p>5 MS. McCLURE: Object to the      6 form. Calls for a legal      7 conclusion.</p> <p>8 THE WITNESS: I disagree.</p> <p>9 BY MR. PIFKO:</p> <p>10 Q. Okay. Why do you disagree?</p> <p>11 A. How can we be responsible      12 for a pharmacy or -- that diverts      13 controlled substances after they've      14 received them from us?</p> <p>15 Q. Well, you just said that      16 reporting -- even if you report it, you      17 still have responsibility to prevent      18 diversion, correct?</p> <p>19 A. No. We have a      20 responsibility to maintain effective      21 controls against diversion. So we      22 have -- we had the controls in place.      23 That doesn't mean diversion is not going      24 to take place at some point.</p>

Page 178	Page 180
<p>1 Q. Okay. So if you report an 2 order though, it's still your job to 3 maintain effective controls to prevent 4 diversion of that order, correct? 5 A. I think we keep saying the 6 same thing, yes. 7 Q. Do you agree? 8 MS. McCLURE: Object to the 9 form. 10 THE WITNESS: We have a 11 responsibility to maintain 12 effective controls against 13 diversion. That's the regulation. 14 BY MR. PIFKO: 15 Q. And so it's your job to 16 maintain effective controls against 17 diversion regardless of whether you 18 report an order as suspicious, correct? 19 A. That's correct. 20 MS. McCLURE: Mark, at some 21 point, we've been going for almost 22 an hour and a half. Take a break 23 for lunch. 24 MR. PIFKO: Yeah, we can</p>	<p>1 orders. And we can't rely on DEA to tell 2 us what should be reported and what 3 shouldn't. 4 Q. It's not the DEA's job to 5 tell you if an order is suspicious, 6 correct? 7 MS. McCLURE: Object to the 8 form. 9 THE WITNESS: No, it's not 10 DEA's job to tell us what's 11 suspicious. 12 BY MR. PIFKO: 13 Q. And it's not DEA's job to 14 maintain effective controls against 15 diversion, correct? 16 MS. McCLURE: Object to the 17 form. 18 THE WITNESS: Well, I think 19 DEA has a role to prevent 20 diversion. I think that's why 21 they're in place. 22 BY MR. PIFKO: 23 Q. But it's your job as a 24 registrant to maintain effective controls</p>
<p>1 take a lunch break as soon as we 2 finish this document. 3 BY MR. PIFKO: 4 Q. Let's go to Page 8, the next 5 page? 6 A. Okay. 7 Q. The next slide says 8 "Suspicious Orders." 9 A. Mm-hmm. 10 Q. Do you see that? It says 11 DEA cannot tell a distributor if an order 12 is legitimate or not. Distributor must 13 determine which orders are suspicious and 14 make a sales decision. 15 Do you see that? 16 A. Yes, I do. 17 Q. Do you have an understanding 18 of what that means? 19 A. Yes. 20 Q. What's your understanding of 21 what that means? 22 A. My understanding is we're 23 required to develop a system to detect 24 suspicious -- and report suspicious</p>	<p>1 to prevent diversion, correct? 2 MS. McCLURE: Object to the 3 form. 4 THE WITNESS: Sorry. That's 5 a regulatory requirement. 6 BY MR. PIFKO: 7 Q. This next bullet point here, 8 "Distributor must determine which orders 9 are suspicious and make a sales 10 decision." 11 Do you see that? 12 A. Yes, I see it. 13 Q. What do you understand that 14 to mean? 15 A. I understand that to mean 16 that we have to make our own decision 17 about what's suspicious and what to 18 report. 19 Q. And if an order is 20 suspicious, to make a decision on whether 21 to sell it? 22 A. That's kind of what it says. 23 That's pretty much what it says. 24 Q. You understand that to mean</p>

Page 182	Page 184
<p>1 if an order is suspicious, if you 2 determine that an order is suspicious, 3 you need to make a decision not to sell 4 it?</p> <p>5 MS. McCLURE: Object to the 6 form.</p> <p>7 THE WITNESS: No.</p> <p>8 BY MR. PIFKO:</p> <p>9 Q. You don't understand that to 10 mean that?</p> <p>11 A. I understand that it means 12 we have to -- it's up to us to determine 13 what's a suspicious order and then we 14 make a business decision about whether to 15 fill the order or not.</p> <p>16 Q. Do you believe that selling 17 an order that you've determined to be 18 suspicious is inconsistent with your duty 19 to prevent diversion?</p> <p>20 MS. McCLURE: Object to the 21 form.</p> <p>22 THE WITNESS: No.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. So you don't believe that if</p>	<p>1 A. I don't recall specific 2 discussions about these slides.</p> <p>3 Q. Do you recall there being 4 discussion about what attributes are of 5 an internet pharmacy and investigations 6 that you could conduct to determine 7 whether a pharmacy is an internet 8 pharmacy?</p> <p>9 MS. McCLURE: Object to the 10 form. Compound.</p> <p>11 THE WITNESS: The first part 12 of your question, I understand 13 that this was a discussion of the 14 attributes of what could be an 15 internet pharmacy.</p> <p>16 BY MR. PIFKO:</p> <p>17 Q. And did you understand that 18 the DEA expected you to conduct 19 investigations to determine if your 20 customers were internet pharmacies?</p> <p>21 A. As I recall, they gave us -- 22 they are not part of this attachment. 23 But they gave us some questions that they 24 suggested that we ask. I don't think it</p>
<p>1 you sell an order that's suspicious, you 2 could be contributing to diversion?</p> <p>3 MS. McCLURE: Object to the 4 form.</p> <p>5 THE WITNESS: I don't know 6 that diversion takes place just 7 because an order is reported as 8 suspicious. It doesn't mean it's 9 diversion.</p> <p>10 BY MR. PIFKO:</p> <p>11 Q. The next series of slides 12 are about examples of pharmacies. The 13 copy we have is essentially illegible 14 with these pictures. But do you have an 15 understanding about what was portrayed in 16 these slides, and did you discuss it at 17 the meeting?</p> <p>18 MS. McCLURE: Object to the 19 form. Compound.</p> <p>20 THE WITNESS: I don't 21 recall.</p> <p>22 BY MR. PIFKO:</p> <p>23 Q. I'm talking about from 24 Pages 9 to 11.</p>	<p>1 was called investigations. But they -- 2 they gave us some questions that they 3 felt like would be -- that they 4 recommended we ask of our customers.</p> <p>5 Q. And those were included in 6 your questionnaire?</p> <p>7 A. Yes. As I recall.</p> <p>8 Q. Let's go to Page 12.</p> <p>9 A. Okay.</p> <p>10 Q. Second slide.</p> <p>11 A. Okay.</p> <p>12 Q. Well, let's go actually to 13 the first slide, Popular Internet Drugs.</p> <p>14 Do you see that?</p> <p>15 A. Yes.</p> <p>16 Q. Hydrocodone. Do you see 17 that?</p> <p>18 You have an understanding -- 19 we talked about hydrocodone earlier.</p> <p>20 A. Mm-hmm. Right.</p> <p>21 Q. Do you recall discussing 22 these drugs being of concern?</p> <p>23 A. Yes.</p> <p>24 Q. Why is that?</p>

Page 186	Page 188
<p>1        A. Why -- why they were drugs 2 of concern? 3        Q. Yeah. 4        A. As I recall, those were the 5 more common drugs that were being filled 6 from internet activity. 7        Q. And those drugs were 8 potentially being subject to abuse? 9        A. Any controlled substance is 10 subject to abuse, yes. 11      Q. But these were of particular 12 concern? 13      A. I think these were -- my 14 understanding is these were particularly 15 of concern because these were the popular 16 internet drugs, is what I recall. 17      Q. Next slide talks about 18 "prescriptions not written in the usual 19 course of professional practice are not 20 valid." 21      Do you have an understanding 22 of what -- what that means? 23      A. Yes, I do. 24      Q. What does that mean?</p>	<p>1        corresponding responsibility. 2        That was part of a 3 question -- I think that was part 4 of the question in our 5 questionnaire. If they answered 6 that they didn't fill them based 7 on that, then that was a red flag 8 for us, that it can be an internet 9 pharmacy. 10      BY MR. PIFKO: 11      Q. And the DEA also told you 12 that drugs dispensed pursuant to invalid 13 prescriptions are not for legitimate 14 medical purposes, the drugs are diverted? 15      A. I see it, yes. 16      Q. That's what they told you? 17      A. I don't recall the 18 conversations. I just see what's in the 19 slides. 20      Q. They communicated that to 21 you -- 22      A. It was 13 years ago. 23      Q. Okay. They communicated 24 that to you via these slides for sure</p>
<p>1        A. It basically means that the 2 DEA expects a prescription to be written 3 based on a face-to-face doctor-patient 4 relationship. 5        Q. And so did the DEA expect 6 you to assess whether your customers were 7 filling prescriptions that may have been 8 generated through an invalid professional 9 practice? 10      A. I don't think they looked at 11 that as our role. They looked at that 12 as -- they -- that's why they gave us 13 some of these things, characteristics to 14 look for, and questions to ask. But 15 not -- not to know whether -- you know, 16 how the prescriptions were written. 17      Q. But they wanted you to 18 consider whether the prescriptions were 19 not being written face-to-face as part of 20 your assessment of these issues? 21      MS. McCLURE: Object to the 22 form. Misstates prior testimony. 23      THE WITNESS: That's the -- 24 that's the pharmacies'</p>	<p>1        Page 187 2        though, right? 3        A. Yes. 4        Q. And they said that's not 5 limited to internet pharmacies as well, 6 correct? 7        A. That's what it says. 8        Q. Going to the next page, 9        Page 13. 10      A. Okay. 11      Q. You see here it says, "A 12 pattern of drugs being distributed to 13 pharmacies who are diverting controlled 14 substances demonstrates the lack of 15 effective controls against diversion by 16 the distributor." 17      Do you see that? 18      A. I see it. 19      Q. Okay. So again, the DEA 20 communicated to you at a minimum through 21 these slides that if you as a distributor 22 are selling drugs in a pattern to 23 pharmacies who are diverting them, that 24 is evidence of a lack of effective controls against diversion. Agree?</p>

<p style="text-align: right;">Page 190</p> <p>1 MS. McCLURE: Object to the 2 form.</p> <p>3 THE WITNESS: Let me read 4 this again. Yeah, my read of this 5 is if there is a pattern that a 6 distributor is -- is knowingly 7 distributing drugs to a pharmacy 8 that's diverting them would be a 9 lack of effective controls.</p> <p>10 BY MR. PIFKO:</p> <p>11 Q. Where does it say knowingly?</p> <p>12 A. Well, that's just my 13 interpretation --</p> <p>14 Q. Okay. But it doesn't say 15 that, right?</p> <p>16 A. -- pattern -- no, it doesn't 17 say that.</p> <p>18 Q. Okay. So what they 19 communicated to you was that simply 20 having a pattern of drugs being 21 distributed to pharmacies who were 22 diverting controlled substances 23 demonstrates the lack of effective 24 controls against diversion by the</p>	<p style="text-align: right;">Page 192</p> <p>1 Q. Okay. Do you have an 2 understanding about why the distributor's 3 action is supposed to be in the public 4 interest?</p> <p>5 A. Yes.</p> <p>6 Q. Why is that?</p> <p>7 A. Well, they want to ensure 8 that drugs are not diverted into 9 illegitimate channels.</p> <p>10 Q. And that's -- as a 11 distributor, that's your job, among other 12 things, to make sure that doesn't happen, 13 right?</p> <p>14 MS. McCLURE: Object to the 15 form of the question.</p> <p>16 THE WITNESS: To have 17 effective controls in place to 18 prevent it.</p> <p>19 BY MR. PIFKO:</p> <p>20 Q. The next slide here, it 21 says, "Any distributor who is selling 22 controlled substances that are being 23 dispensed outside the course of 24 professional practice must stop</p>
<p style="text-align: right;">Page 191</p> <p>1 distributor, correct?</p> <p>2 MS. McCLURE: Object to 3 form.</p> <p>4 THE WITNESS: That's what it 5 says, "a pattern of drugs being 6 distributed to pharmacies."</p> <p>7 BY MR. PIFKO:</p> <p>8 Q. And they gave this to you, 9 correct?</p> <p>10 A. As I recall, yes. Yes.</p> <p>11 Q. And then it says here, "The 12 DEA registration of the distributor could 13 be revoked under public interest 14 grounds."</p> <p>15 Do you see that?</p> <p>16 A. I see that.</p> <p>17 Q. Do you have an understanding 18 about what that means?</p> <p>19 A. Yes, I do.</p> <p>20 Q. What does that mean?</p> <p>21 A. That if a distributor is -- 22 if they feel that the distributor's 23 actions are against the public interest, 24 then they could revoke the registration.</p>	<p style="text-align: right;">Page 193</p> <p>1 immediately."</p> <p>2 Do you see that?</p> <p>3 A. I see that.</p> <p>4 Q. Do you have an understanding 5 about what that means?</p> <p>6 A. Yes --</p> <p>7 Q. What's your understanding?</p> <p>8 A. -- yes.</p> <p>9 If -- if we're dispensing --</p> <p>10 if we're distributing controlled 11 substances and we find out that they are 12 being dispensed outside of the course of 13 professional practice, then we should 14 stop distributing to them once we become 15 aware of it.</p> <p>16 Q. And why is that?</p> <p>17 A. Because that would be an 18 indication there could be diversion.</p> <p>19 Q. Next bullet point there.</p> <p>20 "DEA cannot guarantee that past failure 21 to maintain effective controls against 22 diversion will not result in an action 23 against a distributor."</p> <p>24 Do you see that?</p>

Page 194	Page 196
<p>1        A. Yes, I do.</p> <p>2        Q. Do you have an understanding</p> <p>3 about what that means?</p> <p>4        A. I can tell you what I think</p> <p>5 it means.</p> <p>6        Q. Well, they communicated this</p> <p>7 to you at the time, they gave you this</p> <p>8 presentation, correct?</p> <p>9        A. Yes.</p> <p>10      Q. Did you read it?</p> <p>11      A. Yes.</p> <p>12      Q. Okay. Did you tell them you</p> <p>13 didn't understand what that meant?</p> <p>14      MS. McCLURE: Object to the</p> <p>15 form.</p> <p>16      THE WITNESS: I can only</p> <p>17 tell you what I think it means. I</p> <p>18 can't remember what they said</p> <p>19 13 years ago.</p> <p>20 BY MR. PIFKO:</p> <p>21      Q. I'm just asking you if you</p> <p>22 recall upon receiving this, telling the</p> <p>23 DEA that you didn't understand what any</p> <p>24 of this meant?</p>	<p>1 meet with industry groups. Do you see</p> <p>2 that?</p> <p>3        A. Yes, I do.</p> <p>4        Q. Do you recall discussing</p> <p>5 that?</p> <p>6        A. No, I don't recall</p> <p>7 discussing it.</p> <p>8        Q. Do you recall them telling</p> <p>9 you they were going to meet with other</p> <p>10 distributors?</p> <p>11      A. I recall them saying that</p> <p>12 they will be meeting with -- with other</p> <p>13 distributors, yes.</p> <p>14      Q. What did they say about</p> <p>15 that?</p> <p>16      A. I think they called it their</p> <p>17 distributor initiative. And they were</p> <p>18 going to start meeting with all the</p> <p>19 distributors.</p> <p>20      Q. Did they tell you</p> <p>21 specifically any other distributors they</p> <p>22 were going to be meeting with?</p> <p>23      A. No.</p> <p>24      Q. You were part of the</p>
<p>1        A. I don't recall.</p> <p>2        Q. What's your understanding of</p> <p>3 what the second bullet point there means,</p> <p>4 "DEA cannot guarantee that past failure</p> <p>5 to maintain effective controls against</p> <p>6 diversion will not result in an action</p> <p>7 against a distributor"?</p> <p>8        Will -- will -- yeah.</p> <p>9 What's your understanding what that</p> <p>10 means?</p> <p>11      A. Well, I think what it means</p> <p>12 is if you had a failure and even though</p> <p>13 you may have corrected that, and remedied</p> <p>14 the situation, that doesn't mean later on</p> <p>15 that they discover it and they could not</p> <p>16 come back and take action against you for</p> <p>17 that past failure.</p> <p>18      Q. The next page. Top slide.</p> <p>19      A. Okay.</p> <p>20      Q. It talks about -- it says,</p> <p>21 "DEA is going to meet with other</p> <p>22 distributors. Tell you to provide this</p> <p>23 information to your employees at your</p> <p>24 request." And they say they are going to</p>	<p>1 Healthcare Distribution Alliance,</p> <p>2 correct?</p> <p>3        A. Our company is a member,</p> <p>4 yes.</p> <p>5        Q. But you specifically</p> <p>6 participated, correct?</p> <p>7        A. Yes.</p> <p>8        Q. Did you, at this time -- did</p> <p>9 they present anything to -- through the</p> <p>10 had about this issue?</p> <p>11      MS. McCLURE: Objection to</p> <p>12 form.</p> <p>13 BY MR. PIFKO:</p> <p>14      Q. I know it was a predecessor</p> <p>15 name at that time, but...</p> <p>16      A. I can't remember precisely.</p> <p>17 But DEA was often invited to meet with</p> <p>18 had and had met with DEA over several</p> <p>19 topics.</p> <p>20      MR. PIFKO: All right.</p> <p>21      Let's take a break.</p> <p>22      THE VIDEOGRAPHER: We are</p> <p>23 going off record. The time is</p> <p>24 12:47.</p>

<p>1 (Lunch break.)</p> <p>2 THE VIDEOGRAPHER: Going</p> <p>3 back on the record. Beginning</p> <p>4 Media File Number 3. The time is</p> <p>5 1:28.</p> <p>6 BY MR. PIFKO:</p> <p>7 Q. Welcome back.</p> <p>8 I want to start talking now</p> <p>9 about the, as you said, oversight of the</p> <p>10 development of the enhanced ordering</p> <p>11 monitoring program.</p> <p>12 So that occurred after the</p> <p>13 DEA settlement, correct?</p> <p>14 A. During the settlement</p> <p>15 process, yes.</p> <p>16 Q. Okay. As part of the,</p> <p>17 another one of these little slides for</p> <p>18 you, so we are on the same page.</p> <p>19 A. I'm not seeing it yet.</p> <p>20 MS. McCLURE: It's okay.</p> <p>21 THE WITNESS: Here it is.</p> <p>22 MS. McCLURE: Again, your</p> <p>23 date there is the settlement date.</p> <p>24 MR. PIFKO: That's the date</p>	<p>1 Q. Okay.</p> <p>2 A. -- but that's a guess.</p> <p>3 Q. Okay?</p> <p>4 A. That might be on the high</p> <p>5 side even.</p> <p>6 Q. You think it might have been</p> <p>7 less than 12 at that time?</p> <p>8 A. It could have been. I</p> <p>9 just --</p> <p>10 Q. Definitely less than 20?</p> <p>11 A. When you say CSRA</p> <p>12 department, I can't remember exactly.</p> <p>13 Q. In the hierarchy of things,</p> <p>14 Chris Zimmerman was at the top of the</p> <p>15 CSRA, correct?</p> <p>16 A. That's correct.</p> <p>17 Q. And then you were a direct</p> <p>18 report to Zimmerman, correct?</p> <p>19 A. That's correct.</p> <p>20 Q. Did anyone else, other than</p> <p>21 you, have a role in the diversion control</p> <p>22 aspect of the CSRA?</p> <p>23 A. Yes.</p> <p>24 Q. Who else in the CSRA at the</p>
Page 199	Page 201
<p>1 of the agreement.</p> <p>2 BY MR. PIFKO:</p> <p>3 Q. Okay. So let's talk</p> <p>4 about -- so the DEA settlement occurs.</p> <p>5 And you -- at what point did you get</p> <p>6 tasked with overseeing the development of</p> <p>7 the enhanced order monitoring program?</p> <p>8 A. Almost from -- it was while</p> <p>9 the negotiations were going on for the</p> <p>10 settlement.</p> <p>11 Q. Let's talk -- so you said,</p> <p>12 at this 2007 time period, I asked you</p> <p>13 earlier how many employees were in the</p> <p>14 CSRA. Do you remember --</p> <p>15 A. Yeah.</p> <p>16 Q. -- how many employees there</p> <p>17 were around that time?</p> <p>18 A. Oh, no, I don't know the</p> <p>19 exact number specifically.</p> <p>20 Q. Okay. At one point you said</p> <p>21 13 or 14.</p> <p>22 A. No, I think I said 12.</p> <p>23 Q. Okay.</p> <p>24 A. I said about a dozen --</p>	<p>1 time of the DEA enforcement action was</p> <p>2 engaged in performing diversion-related</p> <p>3 functions?</p> <p>4 A. You mean at the time of the</p> <p>5 action or after we started?</p> <p>6 Q. Well, good question.</p> <p>7 Before you added anybody</p> <p>8 after the action.</p> <p>9 MS. McCLURE: Object to the</p> <p>10 form.</p> <p>11 THE WITNESS: So it was</p> <p>12 pretty much everyone at the</p> <p>13 corporate office, in the</p> <p>14 department, was engaged. We</p> <p>15 pretty much engaged everyone that</p> <p>16 we could. Kind of</p> <p>17 all-hands-on-deck.</p> <p>18 BY MR. PIFKO:</p> <p>19 Q. But -- no, I mean -- okay,</p> <p>20 but before you even knew about the</p> <p>21 enforcement action, just day to day who</p> <p>22 in the CSRA had responsibilities that</p> <p>23 included diversion control?</p> <p>24 A. Well, at that time it was</p>

Page 202	Page 204
<p>1 all under regulatory, which was, you      2 know, I was in charge of the regulatory      3 side of our department. And then Eric      4 was -- Eric reported to me at that time      5 as one of my regional directors. And he      6 also had that responsibility that we      7 discussed earlier.</p> <p>8 Q. So you were the top person      9 at that time on diversion control issues,      10 correct?</p> <p>11 A. Yes.</p> <p>12 Q. And you had Eric helping you      13 out underneath you?</p> <p>14 A. Mm-hmm, that's correct.</p> <p>15 Q. Anyone else?</p> <p>16 A. Not that I can recall.</p> <p>17 Q. Okay. And so, then you get      18 tasked with overseeing the development of      19 the enhanced order monitoring program,      20 because at that time you're the      21 senior-most diversion control person,      22 correct?</p> <p>23 A. That's correct.</p> <p>24 Q. So how did you first learn</p>	<p>1 Q. Zimmerman?      2 A. Yes.      3 Q. And you had a discussion      4 with him that the license at the Orlando      5 facility had been suspended?      6 A. That's correct.      7 Q. And what did he tell you?      8 A. I can't remember      9 specifically. I think we went over and      10 told his boss who was the general      11 counsel.      12 Q. And then did you contact DEA      13 at some point after that?      14 A. I didn't, no, not      15 personally.      16 Q. Do you know if Mr. Zimmerman      17 did?      18 A. Mr. Chou, general counsel,      19 called -- called them from his office,      20 and Chris and I, I believe, were both in      21 the office at the time.      22 Q. And did the DEA tell you why      23 they suspended the registration at that      24 time?</p>
<p>1 about the enforcement action?      2 A. I got a call from the      3 distribution center manager in Orlando.      4 And he told me the DEA was there and they      5 were putting a padlock on their cage,      6 that they were suspending their      7 registration.</p> <p>8 Q. And do you remember the      9 approximate date of when that happened?      10 A. Approximate? Yeah, it was      11 around April 21st, 22nd, something like      12 that, of 2007. It was in April. I think      13 it was 21st.</p> <p>14 Q. Did you speak to anyone at      15 the DEA immediately upon learning of that      16 information?</p> <p>17 MS. McCLURE: Object to the      18 form.</p> <p>19 THE WITNESS: Not      20 immediately. No.</p> <p>21 BY MR. PIFKO:</p> <p>22 Q. What was the first action      23 you took when you learned that?      24 A. I told my boss.</p>	<p>1 A. I don't remember exactly      2 what they said, because John Chou was on      3 the phone with them.      4 Q. Did they send you any      5 documentation after suspending the      6 registration?      7 A. Not that I recall.      8 Q. So at what point in the      9 process did Mr. Zimmerman tell you that      10 you were going to be in charge of      11 developing an enhanced order monitoring      12 program?      13 A. It was probably after -- a      14 week later after meetings with DEA to      15 determine what the issue was and what      16 they wanted us to do.      17 Q. Did you participate in those      18 meetings?      19 A. No.      20 Q. No?      21 A. No.      22 Q. Do you know who did?      23 A. I went down the first day.      24 And I don't even recall what was</p>

Page 206	Page 208
<p>1 discussed in that meeting. But I wasn't 2 involved in any of the negotiations after 3 that.</p> <p>4 Q. You said you went down to 5 Orlando?</p> <p>6 A. No. To DEA headquarters.</p> <p>7 Q. Okay. And who did you meet 8 with there?</p> <p>9 A. There were several DEA 10 people in the room. Mike Mapes was in 11 there. And I think even the assistant 12 administrator, I think was in there. I 13 can't -- I can't recall who from DEA was 14 in there.</p> <p>15 Q. And so then approximately a 16 week later, Chris Zimmerman tells you 17 we're going to have an enhanced order 18 monitoring program and you're going to be 19 in charge of developing it?</p> <p>20 A. In so many words, yes.</p> <p>21 Q. How did you know what 22 features you wanted to make changes to?</p> <p>23 A. Well, it was based on -- it 24 was based on information that was relayed</p>	<p>1 worked at the corporate office was -- was 2 engaged to assist.</p> <p>3 Q. And then I was asking about 4 the number of people in the department, 5 and you were asking before or after. At 6 some point more people were added to the 7 team. When was that?</p> <p>8 A. At some time after that. I 9 can't remember, you know, how long it 10 took. But I know we added a couple of 11 other investigators to help to be trained 12 to review orders.</p> <p>13 Q. Do you know their names?</p> <p>14 A. I can't remember exactly. I 15 think Ed was hired. Or he may have 16 already been on board at that point. Ed 17 Hazewski as an investigator. A gentleman 18 named Scott Kirsch. I know he was one of 19 the investigators that reviewed orders in 20 the beginning.</p> <p>21 David Britmeier, I think he 22 came a little later.</p> <p>23 Eric helped -- Eric helped. 24 I'm trying to think. Cliff</p>
<p>1 to us from DEA that they wanted us to be 2 able to stop an order and review it 3 before shipping it.</p> <p>4 Q. Anything else?</p> <p>5 A. That's all I can recall.</p> <p>6 Q. Who communicated to you that 7 DEA wanted you to stop an order and 8 review it before shipping it?</p> <p>9 A. I'm assuming Chris but I 10 can't -- don't know -- I can't remember 11 for sure.</p> <p>12 Q. Did you pass that 13 information on to anyone else?</p> <p>14 A. Just internally. Just 15 internal discussions. I couldn't tell 16 you specifically who.</p> <p>17 Q. Okay. So then you -- you 18 said it was all-hands-on-deck at that 19 point. Who was involved and assisted you 20 at that point?</p> <p>21 A. Pretty much everybody in the 22 department. The -- my direct reports. 23 The -- the investigators. Pretty much 24 everybody in the department that -- that</p>	<p>1 Flood worked in security. He helped us.</p> <p>2 Q. We're talking about new 3 people.</p> <p>4 A. New people. Okay. So I 5 know David Britmeier and Scott Kirsch and 6 Ed were, I think, the more recent hires 7 right after the -- the action, but I 8 can't remember if there were others.</p> <p>9 Q. Their -- they were all -- 10 their immediate task was to -- to review 11 orders?</p> <p>12 A. Yes, I believe so. They -- 13 and conduct investigations.</p> <p>14 Q. Did you make any changes to 15 your threshold system at that point?</p> <p>16 MS. McCLURE: Object to the 17 form.</p> <p>18 THE WITNESS: There wasn't a 19 threshold system at that point.</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. Okay. Right. You said 22 there was a rolling three-month 23 average --</p> <p>24 A. Right.</p>

1 Page 210

2 Q. -- with the percentage?  
3 Did you make any changes to  
4 that aspect of the order monitoring  
5 program at that time?

6 A. Yeah, when we developed  
7 the -- back when we developed the  
8 enhanced program, it took the place of  
9 the old program.

10 Q. Okay. So an entirely new  
11 program designed from the ground up?

12 MS. MCCLURE: Object to the  
13 form.

14 THE WITNESS: It took the  
15 place -- it replaced it. Yes.

16 BY MR. PIFKO:

17 Q. Okay. So let's talk  
18 about --

19 A. An enhanced version.

20 Q. Is there a name for that  
21 program or?

22 A. Yeah, order monitoring --  
23 OMP. Order monitoring program.

24 Q. So let's go over. What are  
the general attributes of the OMP?

19 It's dated June 29, 2007.  
20 It's a memorandum. The subject is

7 Q. Was there any specific  
8 training provided to distribution center  
9 associates about how to identify a  
10 suspicious order when you implemented  
11 this program?

12 A. Yes.

13 Q. Was it put in writing?

14 A. Yes.

15 Q. Was -- was there a name for  
16 that document?

17 A. I think it was called  
18 responsible -- RPIC training, Responsible  
19 Person in Charge. So anyone that  
20 reviewed and had -- had the authority to  
21 review and release or reject orders had  
22 to complete that training and sign off on  
23 it.

24 Q. Okay. What was entailed in

Page 235

Page 237

1 that training?

2 A. I can't recall specifically.

3 Q. Was it an in-person  
4 training?

5 A. Most of the time I think it  
6 was. As a matter of fact, it may have  
7 always been in-person training.

8 Q. And there was a document --  
9 written documentation that went with the  
10 training?

11 A. There should have been, yes.

12 Q. Do you have a sense of how  
13 long the training session would be?

14 A. No, I don't.

15 Q. An hour?

16 A. It's been years ago. I  
17 can't -- I can't remember how they  
18 were -- how they were trained. I just  
19 know that they were trained.

20 Q. Do you know who would have  
21 conducted the training?

22 A. I think initially in some  
23 cases -- well pretty much in just about  
24 most cases, the compliance manager or the

Page 238

1 CSRA manager, on-site manager conducted  
2 the training.

3 Q. And who trained them?

4 A. They would have been trained  
5 by, I would think our team. I just don't  
6 remember exactly how they were trained.

7 Again, we have annual training  
8 conferences.

9 Q. Is there someone specific on  
10 your team at that time who was  
11 responsible for handling trainings?

12 A. I don't recall. I don't  
13 think so.

14 Q. It just could have been  
15 anyone under you?

16 A. Yeah.

21 Q. Do you recall having someone  
22 having the job responsibility of  
23 conducting training for the distribution

Page 239

1 A. Well, the compliance manager  
2 on site was responsible for doing all the  
3 training at the distribution center.

4 Q. Well, I mean from your group  
5 to train the compliance manager?

6 A. They were trained by our  
7 entire team.

8 Q. They would come to you for  
9 that training?

10 A. Yes.

11 Q. Annually like you said?

12 A. Annually. Just about every  
13 year we have a training conference.

14 Q. And was there documents  
15 provided in connection with those  
16 training conferences?

17 A. I'm sure we have, you know,  
18 the documents as far as the PowerPoints  
19 and things like that. I don't know if  
20 we've actually got sign offs from each  
21 one of them.

They were</p> <p>10 there in the development of it.</p> <p>11 Q. Okay. So they were there</p> <p>12 between April and June 2007?</p> <p>13 A. That's correct.</p> <p>14 Q. And at some point they gave</p> <p>20 you training on how to conduct due</p> <p>21 diligence?</p> <p>22 A. I explained that. They gave</p> <p>23 us general guidelines and -- and</p> <p>24 observations, and they were there during</p>

They just gave it. It</p> <p>6 wasn't like formal training. They just</p> <p>7 gave us general pointers and ideas about</p> <p>8 how we should conduct our investigations.</p> <p>9 They gave us the guidelines.</p> <p>10 Q. They gave you something in</p> <p>11 writing?</p> <p>12 A. No.</p> <p>13 Q. Who -- who told you this?</p> <p>14 A. Mike Mapes, Kyle Wright, for</p> <p>15 the most part.</p> <p>16 Q. They came and met with you</p> <p>17 and told you?</p> <p>18 A. Yes.</p> <p>19 Q. And when did they come and</p> <p>20 meet with you?</p> <p>21 A. They were there multiple</p> <p>22 times during the implementation of the</p> <p>23 enhanced OMP.</p> <p>24 Q. Well, because I've known      12 both of those guys personally for a long      13 time. I was just congratulating them on      14 successfully getting the restraining      15 order.</p> <p>16 Q. 1 A. Okay. 2 Q. Heading C, "Develop 3 Thresholds to Identify Orders of 4 Interest." 5 Do you see that? 6 A. Yes, I do. 		1 A. I believe so. I'm not sure 2 the exact date. 3 Q. Up until that time, you had 4 responsibilities that included diversion 5 control, correct? 6 A. On and off during the 7 time -- during the time period. 8 Q. You said in 2007 you were 9 the top person that had diversion control 10 responsibilities, correct? 11 A. That's correct. Yes. 12 Q. At some point someone came 13 in and you didn't have diversion control 14 responsibilities? 15 A. That's correct. 16 Q. Who was that? 17 A. Well, when Ed Hazewski was 18 put in charge of the diversion control 19 program. He reported directly to Chris. 20 Q. Do you know when that was? 21 A. Sometime in 2008, or '9, I 22 believe. 23 Q. And at that time you had no 24 responsibilities for diversion control
11 Q. What's your current position 12 at AmerisourceBergen? 13 A. Senior director, corporate 14 security and regulatory affairs. 15 Q. You still have 16 responsibilities for diversion under your 17 purview? 18 A. No. 19 Q. When did you switch into a 20 role where you no longer had diversion 21 control function and -- 22 A. When -- I'm sorry. When 23 David May was hired. 24 Q. Okay. And that was in 2014? 	Page 299	1 issues? 2 A. No direct -- no direct 3 responsibilities, no. 4 Q. But then you reassumed them 5 at some point? 6 A. At some point, Chris had Ed 7 start reporting to me. 8 Q. And when was that? 9 A. I think it was around 2012. 10 Q. Did Chris tell you why he 11 wanted Ed to start reporting to you 12 instead of him? 13 A. No, he didn't or I don't 14 remember why. 15 Q. Did Ed tell you why? 16 A. I don't think he did. I 17 don't recall why. 18 Q. So from 2012, at that point 19 in 2012 to 2014, your involvement with 20 diversion control was overseeing Ed? 21 A. Right. 22 Q. Anything else? 23 A. That's correct. That was 24 pretty much it. He just reported up to

<p>1 me. But he ran the program.</p> <p>11 Q. If you look on this -- Page 12 8 of this document.</p> <p>13 A. Okay. I'm there.</p> <p>14 Q. It's talking about 15 thresholds for identifying orders of 16 interest. Do you see that?</p> <p>17 A. I do.</p> <p>18 Q. First paragraph. 19 Then, second paragraph says, 20 "When evaluating thresholds, orders of 21 unusual size and unusual frequency can be 22 used to signal that an order may need 23 further review." 24 Do you see that?</p>	<p>Page 302</p> <p>1 BY MR. Well, let's talk 14 about you. You said that you are 15 familiar that Amerisource has used the 16 term "order of interest," correct?</p> <p>17 A. I'm not sure if it's 18 officially. It's just "order of 19 interest" is an easy way to say it's in 20 review. Just another way of saying it's 21 in review.</p> <p>22 Q. What criteria does 23 AmerisourceBergen use to determine 24 whether an order is an order of interest?</p>	<p>Page 304</p> <p>1 MS. McCLURE: Objection. 2 Asked and answered.</p> <p>3 THE WITNESS: Which time 4 period?</p> <p>5 MS. McCLURE: You can 6 answer.</p> <p>7 BY MR. PIFKO: 8 Q. At any time period. 9 A. I can't tell -- I can't 10 speak to how it's determined today. 11 During this time period, if 12 an order hit the threshold, it was -- it 13 was considered to be in review or an 14 order of interest.</p> <p>15 Q. And an order hitting the 16 threshold is an order that exceeds what 17 was the three times the average, right?</p> <p>18 MS. Have you ever heard pushback      15 from a customer, you're not allowed to do      16 that?      17      A. <p>1 minutes of those?</p> <p>2 A. Not normally.</p> <p>3 Q. But they have?</p> <p>4 A. I'm trying to remember. I</p> <p>5 don't think they do. I don't remember</p> <p>6 ever getting minutes from a regulatory</p> <p>7 affairs committee meeting.</p> <p>8 Q. How about from this industry</p> <p>9 compliance discussion. Do you know if</p> <p>10 there was any notes or anything</p> <p>11 circulated to anybody who participated</p> <p>12 afterwards?</p> <p>13 MS. McCLURE: Objection to</p> <p>14 form.</p> <p>15 THE WITNESS: No. Not that</p> <p>16 I recall.</p> <p>17 BY MR. PIFKO:</p> <p>18 Q. Did you serve on any other</p> <p>19 committees besides the regulatory affairs</p> <p>20 committee?</p> <p>21 A. As far as serving, no. I</p> <p>22 participated in other committees, but</p> <p>23 just to listen in on their calls.</p> <p>24 Q. What other committees?</p>	<p>1 BY MR. PIFKO:</p> <p>2 Q. Did -- did everybody review</p> <p>3 drafts of the guidelines and ultimately</p> <p>4 weigh in on them?</p> <p>5 A. I can't say.</p> <p>6 MS. McCLURE: Objection to</p> <p>7 the form.</p> <p>8 THE WITNESS: I can't say</p> <p>9 for sure.</p> <p>10 BY MR. PIFKO:</p> <p>11 Q. Did you take any notes of</p> <p>12 your meeting --</p> <p>13 A. No.</p> <p>14 Q. -- concerning the</p> <p>15 guidelines?</p> <p>16 A. No.</p> <p>17 Q. Do you know if Mr. Zimmerman</p> <p>18 did?</p> <p>19 MS. McCLURE: Objection to</p> <p>20 the form.</p> <p>21 THE WITNESS: Don't know.</p> <p>22 BY MR. PIFKO:</p> <p>23 Q. Did the two of you discuss</p> <p>24 the guidelines after the meeting?</p>
<p>1 A. Like federal government</p> <p>2 affairs. State government affairs.</p> <p>3 Q. Any others?</p> <p>4 A. That's it that I can think</p> <p>5 of.</p> <p>6 Q. Have you attended meetings</p> <p>7 in person for other committees?</p> <p>8 A. I filled in on a state</p> <p>9 government affairs in-person meeting for</p> <p>10 our state government affairs person</p> <p>11 because she couldn't make the meeting and</p> <p>12 she asked me to fill in for her.</p> <p>13 Q. Who was that?</p> <p>14 A. Her name was Julie Eddy,</p> <p>15 E-D-D-Y.</p> <p>16 Q. Do you recall there being</p> <p>17 any sort of final outcome when you</p> <p>18 attended this meeting in D.C. concerning</p> <p>19 the industry compliance guidelines?</p> <p>20 MS. McCLURE: Objection to</p> <p>21 the form.</p> <p>22 THE WITNESS: I don't -- as</p> <p>23 far as the outcome? I -- other</p> <p>24 than them creating the guidelines.</p>	<p>1 A. Well, the guidelines weren't</p> <p>2 present at the meeting.</p> <p>3 Q. The idea of the guidelines?</p> <p>4 A. Well, we discussed it before</p> <p>5 and after the meeting. We knew what the</p> <p>6 purpose of the meeting was.</p> <p>7 Q. What did you think about the</p> <p>8 idea of having industry compliance</p> <p>9 guidelines?</p> <p>10 MS. McCLURE: Objection to</p> <p>11 the form.</p> <p>12 THE WITNESS: What did I</p> <p>13 think about the idea? I think</p> <p>14 it's good for the rest of the</p> <p>15 industry to have programs.</p> <p>16 BY MR. PIFKO:</p> <p>17 Q. What did you and</p> <p>18 Mr. Zimmerman discuss about the</p> <p>19 guidelines after the meeting?</p> <p>20 A. Nothing specifically.</p> <p>21 Q. How about before?</p> <p>22 A. Just whether or not they</p> <p>23 put -- you know, follow what -- what we</p> <p>24 had explained we did.</p>

Page 318	Page 320
<p>1 Q. You wanted the guidelines to      2 be consistent with what you were doing?</p> <p>3 MS. McCLURE: Objection to      4 the form.</p> <p>5 THE WITNESS: No, I'm not      6 saying that. I just think that      7 DEA asked us to present our      8 program twice to the industry      9 conference. So we -- we kind of      10 made the assumption that the rest      11 of the industry wanted to try to      12 follow our guidelines as closely      13 as possible.</p> <p>14 BY MR. PIFKO:</p> <p>15 Q. Do you believe that they do?</p> <p>16 A. Don't know. I don't know      17 what they do.</p> <p>18 Q. How about the HDMA      19 guidelines, do you feel like they follow      20 your policies?</p> <p>21 A. I think it's modeled after      22 them. I'm not sure it exactly follows      23 it. It's been a long time since I've      24 gone through it and read it.</p>	<p>1 like a call-in center?</p> <p>2 A. It's more like -- yeah, like      3 customer service. They would take calls      4 from customers.</p> <p>5 Q. Do you know if they are      6 trained on how to field an inquiry from a      7 customer about an order that's held?</p> <p>8 A. They may have been, but I      9 don't know any specifics.</p> <p>10 Q. Let's talk about the -- the      11 role of a sales associate in preventing      12 diversion.</p> <p>13 A. Okay.</p> <p>14 Q. Do sales associates have any      15 job responsibilities in preventing      16 diversion? And let me -- let me put a      17 time frame on that to make it a better      18 question.</p> <p>19 Prior to the new OMP system      20 that you put in place in 2007, did sales      21 associates have any role in assisting the      22 company in preventing diversion?</p> <p>23 MS. McCLURE: Objection to      24 the form.</p>
<p style="text-align: center;">Page 319</p> <p>1 Q. I mentioned earlier about      2 the idea of communicating with customers      3 about a canceled order.</p> <p>4 A. Mm-hmm.</p> <p>5 Q. Is there a specific person      6 whose job it is to communicate with      7 customers about canceled order?</p> <p>8 MS. McCLURE: Objection to      9 the form.</p> <p>10 THE WITNESS: From our      11 department?</p> <p>12 BY MR. PIFKO:</p> <p>13 Q. Anyone in the company --</p> <p>14 MS. McCLURE: Objection.</p> <p>15 BY MR. PIFKO:</p> <p>16 Q. -- that you're aware of.</p> <p>17 A. I wouldn't know who they      18 would talk to.</p> <p>19 Q. Are the sales associates the      20 first line of communications with      21 customers?</p> <p>22 A. Probably customer care.</p> <p>23 Or -- or the sales associates.</p> <p>24 Q. What customer care, is that</p>	<p style="text-align: center;">Page 321</p> <p>1 THE WITNESS: The sales      2 associates are -- are required to      3 comply with all the laws and      4 regulations. And they were asked      5 prior to the suspension to -- to      6 do site visits, due diligence      7 visits of customers.</p> <p>8 BY MR. PIFKO:</p> <p>9 Q. What were they supposed to      10 look for at these visits?</p> <p>11 A. They had a questionnaire      12 that they would fill out with the      13 customers and there were certain things      14 that they were told to look for, like,      15 you know, FedEx, or boxes stacked up in      16 the back, and there were other signs of      17 internet pharmacy that we talked about      18 briefly.</p> <p>19 Q. Anything else?</p> <p>20 MS. McCLURE: Objection to      21 the form.</p> <p>22 THE WITNESS: I can't think      23 of anything right offhand.</p> <p>24 BY MR. PIFKO:</p>

Page 322	Page 324
<p>1 Q. Are you familiar with the 2 idea of red flags of diversion? Have you 3 ever heard that term before? 4 A. Yes, yes. 5 Q. What about things like a 6 pharmacy that only takes cash, is that a 7 red flag of diversion? 8 A. Yes. That's a red flag. 9 Q. Are sales associates 10 supposed to look out for that? 11 A. I believe so. 12 Q. In the pre-2007 time period, 13 were they trained to look out for that? 14 A. I can't remember when those 15 red flag -- red flags came out as far as 16 when we started using those to train 17 salespeople. I don't remember the time 18 frame, but they -- at some point they 19 were trained that that was a red flag to 20 look for. 21 Q. You don't know if they were 22 trained for that prior to 2007? 23 A. No. 24 Q. Do you know if sales</p>	<p>1 A. I'm sorry? 2 Q. You don't know either way? 3 A. No, I don't. 4 Q. As someone who is the 5 highest person in the company in 6 diversion control for many years, do you 7 think it's appropriate for salespeople to 8 have performance tied to sales -- 9 MS. McCLURE: Objection. 10 BY MR. PIFKO: 11 Q. -- of controlled substances? 12 MS. McCLURE: Objection to 13 the form of the question. 14 THE WITNESS: Okay. That's 15 not my area of responsibilities as 16 far as determining how they are 17 paid and compensated. 18 As long as -- as long as 19 they comply with the laws and 20 regulations. That's not my role. 21 BY MR. PIFKO: 22 Q. I'm not asking if it's your 23 role. I'm asking -- you had a role. You 24 were the top person responsible for</p>
<p style="text-align: center;">Page 323</p> <p>1 associates were paid on commission based 2 on sales that the customers would make or 3 purchase? 4 A. My -- 5 MS. McCLURE: Objection to 6 the form. 7 THE WITNESS: My 8 understanding is they are not paid 9 on commission anymore. Not for 10 years. 11 BY MR. PIFKO: 12 Q. All right. How about in 13 2007 -- prior to 2007, before? 14 A. Even then. It's been years 15 since they were paid commission, from 16 what I understand. 17 Q. Do you have any kind of 18 sense of whether their performance was 19 evaluated based on increasing sales or 20 meeting sales targets? 21 A. I have no knowledge of how 22 their -- what their compensation is based 23 on. 24 Q. You don't know either way?</p>	<p style="text-align: center;">Page 325</p> <p>1 diversion control at the company for many 2 years. 3 I'm asking you if, in your 4 experience, you think it's appropriate to 5 have someone have their -- their 6 performance of their job measured by how 7 much controlled substances they sell? 8 MS. McCLURE: Objection to 9 the form of the question. 10 THE WITNESS: I don't think 11 that's the case with our 12 salespeople, that I know of. 13 BY MR. PIFKO: 14 Q. Do you think it's 15 appropriate? 16 MS. McCLURE: Objection to 17 the form of the question. 18 THE WITNESS: I guess it 19 depends on what context you're 20 asking. Just generally to sell 21 more controls, I wouldn't -- I 22 would not think that would be 23 appropriate. 24 BY MR. PIFKO:</p>

Page 326	Page 328
<p>1 Q. Why not?</p> <p>2 A. I'm not -- I'm not sure that</p> <p>3 that's, you know -- I wouldn't think</p> <p>4 that's a good practice, especially once</p> <p>5 controls are a very small percentage of</p> <p>6 what we distribute.</p> <p>7 Q. Why wouldn't you think</p> <p>8 that's a good practice?</p> <p>9 A. To be compensated for</p> <p>10 selling more controls?</p> <p>11 Q. Yeah.</p> <p>12 A. I just think it would put</p> <p>13 more controls -- it would be encouraging</p> <p>14 customers to buy more controls than they</p> <p>15 need possibly. I don't -- I don't know</p> <p>16 why they would be.</p> <p>17 Q. Right. And so you wouldn't</p> <p>18 want any policies at the company that</p> <p>19 would encourage customers to buy more</p> <p>20 controls than they need, right?</p> <p>21 MS. McCLURE: Objection to</p> <p>22 the form.</p> <p>23 THE WITNESS: Yeah, I</p> <p>24 wouldn't want to encourage</p>	<p>1 consequences are and what their</p> <p>2 responsibilities are.</p> <p>3 BY MR. PIFKO:</p> <p>4 Q. What's the difference?</p> <p>5 MS. McCLURE: Objection to</p> <p>6 the form.</p> <p>7 THE WITNESS: The difference</p> <p>8 in what?</p> <p>9 BY MR. PIFKO:</p> <p>10 Q. Keeping them out of trouble</p> <p>11 versus guiding them.</p> <p>12 A. Well, from my experience,</p> <p>13 some pharmacists are fairly ignorant of</p> <p>14 what their responsibilities are. And so</p> <p>15 we've tried -- you know, we've tried over</p> <p>16 the years to educate them as much as we</p> <p>17 could, as far as what their corresponding</p> <p>18 responsibilities are.</p> <p>19 Q. You wouldn't want to tell</p> <p>20 them to change their ordering practices</p> <p>21 in a way that would allow them to order</p> <p>22 controls without getting in trouble?</p> <p>23 A. No.</p> <p>24 MS. McCLURE: Objection to</p>
<p style="text-align: center;">Page 327</p> <p>1 customers to buy more controls.</p> <p>2 BY MR. PIFKO:</p> <p>3 Q. What about -- do you think</p> <p>4 it's appropriate to encourage customers</p> <p>5 to manipulate their ordering behavior to</p> <p>6 circumvent the order monitoring program?</p> <p>7 MS. McCLURE: Objection to</p> <p>8 the form.</p> <p>9 THE WITNESS: No, I wouldn't</p> <p>10 want them to try to circumvent the</p> <p>11 program at all. I wouldn't want</p> <p>12 to help them encourage it.</p> <p>13 BY MR. PIFKO:</p> <p>14 Q. Would you want to guide</p> <p>15 customers in any way to help them avoid</p> <p>16 being the subject of regulatory activity</p> <p>17 in connection with controlled substances</p> <p>18 purchases?</p> <p>19 MS. McCLURE: Objection to</p> <p>20 the form.</p> <p>21 THE WITNESS: Only to keep</p> <p>22 them out of trouble. Not to guide</p> <p>23 them to circumvent anything.</p> <p>24 Maybe to educate them on what the</p>	<p style="text-align: center;">Page 329</p> <p>1 the form.</p> <p>2 BY MR. PIFKO:</p> <p>3 Q. A quote here from David May,</p> <p>4 I want to read to you.</p> <p>5 He testified: "I don't</p> <p>6 believe our customers need to know some</p> <p>7 of the proprietary information that's</p> <p>8 sensitive around the program."</p> <p>9 He's talking about the order</p> <p>10 monitoring program.</p> <p>11 "And again, the reason being</p> <p>12 is, if there was a customer that wanted</p> <p>13 to defeat it, we want -- to the extent</p> <p>14 possible that we can prevent that from</p> <p>15 happening, we want to do that."</p> <p>16 MS. McCLURE: Continuing</p> <p>17 objection to putting up other</p> <p>18 witness's testimony without</p> <p>19 context in front of this witness.</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. Do you agree that you want</p> <p>22 to prevent customers from being aware of</p> <p>23 how the order monitoring program works so</p> <p>24 that they can't defeat it?</p>

PIFKO:</p> <p>10 Q. I'm giving you what's been 11 marked as Exhibit 6 and a document that 12 was attached to it, Exhibit 7.</p> <p>13 (Document marked for 14 identification as Exhibit 15 ABDC-Mays-7.)</p> <p>16 BY MR. Okay. I've reviewed them.</p> <p>23 Q. Have you seen this document 24 before?</p>	<p>1 could be incorrect.</p> <p>2 MR. PIFKO: I didn't say 3 that.</p> <p>4 BY MR. PIFKO:</p> <p>5 Q. I'm also handing you --</p> <p>6 A. That's what I heard you say</p> <p>7 too. A memo that was sent out to 8 customers.</p> <p>9 Q. I said there was a memo sent 10 out to customers.</p> <p>11 A. Oh. Not one of these?</p> <p>12 (Document marked for 13 identification as Exhibit 14 ABDC-Mays-8.)</p> <p>15 BY MR. PIFKO:</p> <p>16 Q. I've also handed you 17 Exhibit 8 which is ABC --</p> <p>18 ABDCMDL00288028.</p> <p>19 MS. McCLURE: Is there a 20 question pending or are you asking 21 him to --</p> <p>22 BY MR. PIFKO:</p> <p>23 Q. <p>1 A. I don't recall either one of 2 them. It looks like I was copied on one 3 of them.</p> <p>4 Q. Who is James Rice?</p> <p>5 A. I'm not sure he's still in 6 that role, manager buying groups, 7 community &amp; specialty pharmacy.</p> <p>8 Q. Do you remember discussing 9 this issue with people?</p> <p>10 A. Tell me what you think the 11 issue is.</p> <p>17 Do you see that?</p> <p>18 MS. McCLURE: Objection to 19 form.</p> <p>20 THE WITNESS: No. I -- go 21 ahead.</p> <p>22 MS. [REDACTED]	<p>9 Q. Earlier you said, from your 10 experience, some pharmacists are fairly 11 ignorant of what their responsibilities 12 are. Do you recall that?</p> <p>13 A. Mm-hmm.</p> <p>14 Q. What experience --</p> <p>15 A. I said some. Not all.</p> <p>16 Q. What experience do you have 17 about pharmacists being ignorant of their 18 responsibilities?</p> <p>19 A. On the experience of some of 20 my visits to some pharmacies, asking 21 questions and getting the answers that I 22 got.</p> <p>23 Q. What kind of questions did 24 you ask and answers that you get that</p>

Page 354	Page 356
<p>1 made you think they were ignorant of 2 their responsibilities? 3 A. Just some of the statements 4 that some would make about, if the doctor 5 writes it, then I have to fill it. You 6 know, who am I to question the doctor, 7 things like that. They have a -- it's in 8 the regulations, they have a 9 corresponding responsibility. 10 Q. They can question that -- 11 the doctor? 12 A. Absolutely. 13 Q. They don't have to fill 14 every prescription that's presented to 15 them? 16 A. No, they do not. 17 Q. Did you do anything to 18 educate customers about those -- those 19 regulations? 20 A. Yes. During -- during those 21 visits to certain pharmacies, and also we 22 did some training at what they call 23 cluster meetings. 24 Q. What's a cluster meeting?</p>	<p>1 MS. McCLURE: Objection to 2 the form. 3 THE WITNESS: Report the 4 actual pharmacy to the DEA? At 5 one time we reported pharmacies to 6 the DEA that we had determined 7 that we were going to stop doing 8 business with, that we were going 9 to cut off. We would report those 10 to DEA. 11 BY MR. PIFKO: 12 Q. When was that? 13 A. There was a period in, I 14 think it was between -- after 2007, DEA 15 had actually encouraged different members 16 of the industry to report to DEA 17 customers that they had cut off. And the 18 DEA would send an e-mail out to the other 19 distributors to tell them that this 20 customer had been cut off by another 21 distributor. 22 Q. And what's the idea there? 23 A. I think that got stopped at 24 some point.</p>
<p>1 A. Its customers are -- it's a 2 group of retail pharmacy customers that 3 are part of one of the programs, one of 4 our corporate programs. And they would 5 have what they call cluster meetings, and 6 they would discuss a lot of things and 7 maybe talk about programs and things like 8 that. And we were -- I know I was 9 invited to present to some customers on a 10 couple of occasions on the whole 11 diversion control issue and try to 12 educate them on their responsibilities. 13 Q. Do you remember any specific 14 pharmacies who fit in this category? 15 A. No. Most of the ones I did 16 were in Florida. I think a couple 17 that -- the couple that I did were in 18 Florida. 19 Q. Did you ever witness any of 20 these pharmacies filling questionable 21 prescriptions? 22 A. No. No. 23 Q. Did you ever report any of 24 them to the DEA?</p>	<p>1 Q. Do you have an understanding 2 of why they were doing that? 3 A. Well, I think -- I think it 4 probably is some people at DEA don't have 5 a real good understanding of antitrust 6 laws and things like that. And I think 7 they were trying to, you know, kind of 8 blacklist pharmacies to keep other 9 distributors -- because what was 10 happening, one distributor would cut a 11 pharmacy off, they would just open up an 12 account with another one. I think DEA 13 was trying to -- I think DEA was trying 14 to prevent that as much as they could. 15 Q. Do you recall the names of 16 any pharmacies that you reported to the 17 DEA? 18 MS. McCLURE: Objection to 19 the form. 20 THE WITNESS: There's been 21 several, yeah, I just don't know 22 specifics. We had a couple. I 23 remember a few. 24 I'm going to grab a glass of</p>

The time is 4:27.</p> <p>10 (Short break.)</p> <p>11 THE VIDEOGRAPHER: Back on</p> <p>12 the record. Beginning Media File</p> <p>13 Number 5. The time is 4:45.</p> <p>14 BY MR. PIFKO:</p> <p>15 Q. I'm handing you what's</p> <p>16 marked as Exhibit 12.</p> <p>17 (Document marked for</p> <p>18 identification as Exhibit</p> <p>19 ABDC-Mays-12.)</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. Document Bates-labeled --</p> <p>22 MS. McCLURE: What was 11?</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. ABDCMDL00275491-2.</p>	<p>1 congressional attention." It's dated</p> <p>2 March 14, 2017.</p> <p>3 Take a moment to review it</p> <p>4 and let me know when you're done.</p> <p>5 A. Okay.</p> <p>6 Q. So this is an e-mail</p> <p>7 describing some lawsuits about the opioid</p> <p>8 crisis. And you reply: "I guess if all</p> <p>9 the distributors stopped shipping</p> <p>10 controlled substances into West Virginia</p> <p>11 the problem would be solved, correct?"</p> <p>12 Do you see that?</p> <p>13 A. Yeah, I see it.</p> <p>14 Q. Do you agree that if</p> <p>15 distributors stop selling controlled</p> <p>16 substances into West Virginia, the opioid</p> <p>17 crisis there would have been stopped?</p> <p>18 MS. McCLURE: Objection.</p> <p>19 THE WITNESS: No.</p> <p>20 BY MR. PIFKO:</p> <p>21 Q. What did you mean by this?</p> <p>22 A. It was just a snarky</p> <p>23 comment.</p> <p>24 Q. Do you think the opioid</p>
Page 359	Page 361
<p>1 MS. McCLURE: Did we skip 11</p> <p>2 or am I --</p> <p>3 MR. PIFKO: No, it's</p> <p>4 hardly --</p> <p>5 MS. McCLURE: No, I'm</p> <p>6 just --</p> <p>7 THE WITNESS: There's not an</p> <p>8 11. Maybe that's the one that you</p> <p>9 sent to be printed. Is that going</p> <p>10 to be 11?</p> <p>11 MR. PIFKO: I don't know</p> <p>12 where 11's sticker is. It doesn't</p> <p>13 matter. This one's 12. We'll</p> <p>14 figure it out.</p> <p>15 MS. McCLURE: Okay. Well,</p> <p>16 for the record, I don't believe</p> <p>17 there was an 11. So let's go to</p> <p>18 12.</p> <p>19 BY MR. PIFKO:</p> <p>20 Q. It's an e-mail from you to</p> <p>21 Chris Zimmerman, forwarding something</p> <p>22 with the subject, "More West Virginia</p> <p>23 counties target distributors in opioid</p> <p>24 crisis; related media likely to get</p>	<p>1 crisis was a joke?</p> <p>2 A. No, I don't at all.</p> <p>3 Q. Apparently you think it's</p> <p>4 worth making snarky comments about with</p> <p>5 your colleagues?</p> <p>6 A. No.</p> <p>7 Q. You did here?</p> <p>8 A. Yeah, it was, yeah. It</p> <p>9 was -- it was an inappropriate snarky</p> <p>10 comment out of frustration that we were</p> <p>11 getting sued by all these people. Yeah.</p> <p>12 Q. Why were you frustrated --</p> <p>13 A. By distributing</p> <p>14 pharmaceuticals into the state.</p> <p>15 Q. Why were you frustrated?</p> <p>16 A. Because I don't think we are</p> <p>17 guilty of anything. It's a little</p> <p>18 frustrating to be getting sued by all</p> <p>19 these counties --</p> <p>20 Q. Do you think that --</p> <p>21 A. -- and cities and so forth,</p> <p>22 and -- and we haven't done anything wrong</p> <p>23 in my opinion.</p> <p>24 Q. Do you think that</p>

Page 362	Page 364
<p>1 AmerisourceBergen as a distributor had 2 any role in the opioid crisis?</p> <p>3 MS. McCLURE: Objection to 4 the form.</p> <p>5 THE WITNESS: No.</p> <p>6 BY MR. PIFKO:</p> <p>7 Q. Did you sell pills into West 8 Virginia?</p> <p>9 A. We distribute to pharmacies 10 and customers in West Virginia, yes.</p> <p>11 Q. You don't think any of the 12 sales that you made contributed to the 13 epidemic?</p> <p>14 A. I don't know if they did or 15 not.</p> <p>16 Q. Between you and 17 AmerisourceBergen, are you -- and 18 Cardinal Health and McKesson control 19 about 90 percent of the market, you don't 20 think any of you guys together had a role 21 in selling the pills that created this 22 crisis?</p> <p>23 MS. McCLURE: Objection to 24 the form. I'm going to ask you if</p>	<p>1 MR. PIFKO: I understand 2 your objection. I've read the -- 3 I've read the direction.</p> <p>4 MS. McCLURE: No, I'm going 5 to make it for the record. Not 6 just for you, Mark.</p> <p>7 So Special Master ruled that 8 such a topic was inappropriate for 9 discussion in the 30(b)(6) 10 context.</p> <p>11 I also note that in the fact 12 witness context, this witness has 13 not been designated as a 30(b)(6) 14 witness. And so in a fact witness 15 context, it's even more 16 inappropriate to ask witnesses 17 whether they believe that there 18 was any role played or whether any 19 company or defendant contributed 20 to the crisis.</p> <p>21 So I -- we object to this 22 continuing line of questioning.</p> <p>23 BY MR. PIFKO:</p> <p>24 Q. Same question --</p>
<p>1 you want the witness to be excused 2 or if you want me to interpose my 3 objection on the record with the 4 witness present.</p> <p>5 MR. PIFKO: You can make a 6 valid objection. You don't need 7 the witness to leave.</p> <p>8 MS. McCLURE: Sure. My 9 valid objection is that pursuant 10 to Special Master Cohen's ruling 11 on the legal interpretation and 12 conclusion about whether -- 13 when -- when witnesses are asked 14 questions about whether, for 15 example here AmerisourceBergen, 16 caused and/or contributed to the 17 opioid epidemic, the Special 18 Master ruled that --</p> <p>19 MR. PIFKO: I think it's 20 different in the context of this 21 e-mail.</p> <p>22 MS. McCLURE: I'm not -- 23 wasn't finished talking. You can 24 talk after I talk.</p>	<p>1 A. Do you want to repeat the 2 question?</p> <p>3 Q. Yeah. I asked if you along 4 with McKesson and Cardinal Health 5 controlled 90 percent of the market, you 6 don't think that you've had any 7 contribution to the crisis in West 8 Virginia?</p> <p>9 A. I don't think --</p> <p>10 MS. McCLURE: Again, 11 objection to this continuing line 12 of questioning under the Special 13 Master's prior ruling.</p> <p>14 THE WITNESS: Do you want me 15 to answer?</p> <p>16 BY MR. PIFKO:</p> <p>17 Q. Yes.</p> <p>18 A. I don't think so.</p> <p>19 Q. You said you didn't do 20 anything wrong. Do you recall saying 21 that?</p> <p>22 A. I'm sorry?</p> <p>23 Q. You said we didn't do 24 anything wrong. Do you recall saying</p>

1 that? 2 A. I just said that, yes. 3 Q. Yeah. What about the DEA 4 enforcement action. Do you think you had 5 bad conduct that led to that? 6 A. The enforcement action -- 7 MS. McCLURE: Objection to 8 the form of the question. 9 BY MR. PIFKO: 10 Q. The one that we've been 11 talking about, the 2007 one. 12 A. In 2007? I don't believe we 13 admitted to any -- any wrongdoing or any 14 violations. 15 Q. So you don't think you did 16 anything wrong. We're talking about 17 whether the company -- 18 A. I don't think we did 19 anything wrong, no. 20 Q. You think the DEA was out to 21 lunch when they went out to get you? 22 MS. McCLURE: Objection to 23 the form of the question. 24 THE WITNESS: I'm not -- no,	1 waiting to be printed just 2 arrived. 3 I found 11. 4 MS. McCLURE: Magic. 5 (Document marked for 6 identification as Exhibit 7 ABDC-Mays-11.) 8 BY MR. PIFKO: 9 Q. I'm handing you what's 10 marked as Exhibit 11 and Exhibit 13. 11 (Document marked for 12 identification as Exhibit 13 ABDC-Mays-13.) 14 THE WITNESS: Thank you. 15 BY MR. PIFKO: 16 Q. Take a minute to review 17 that. 18 MR. PIFKO: This is 11. And 19 this is 13. 20 MS. McCLURE: Thank you. 21 MR. PIFKO: For the record, 22 Exhibit 11 is Bates labeled 23 ABDCMDL00289421. And Exhibit 13 24 is Bates labeled ABDCMDL00289422
1 I'm not -- I don't say -- I am not 2 saying that. 3 BY MR. PIFKO: 4 Q. Well, what are you saying? 5 Why would they go after you if you didn't 6 do anything wrong? 7 A. Because in their opinion 8 they thought we did. 9 Q. And you think they are 10 wrong? 11 A. I think they are wrong, yes. 12 Q. Why do you think they are 13 wrong? 14 A. Because we comply with the 15 regulations. 16 Q. Did your company pay money 17 to the West Virginia Attorney General in 18 connection with the lawsuit they brought 19 against you? 20 A. I believe we did. 21 Q. Do you think you did 22 anything wrong there? 23 A. No. 24 MR. PIFKO: The document I'm	1 through 429. 2 BY MR. PIFKO: 3 Q. Let me know when you're done 4 reviewing those. 5 A. Okay. 6 Q. Let's go to the last page of 7 Exhibit 13. 8 A. Okay. 9 Q. 289429. 10 A. Okay. [REDACTED]
